New York State Energy Research and Development Authority

New Construction Program

INCENTIVES AVAILABLE TO INSTALL ENERGY EFFICIENCY IN NEW OR RENOVATED BUILDINGS

WHO is Eligible

Businesses, State and local governments, not-for-profits and private institutions, public and private schools, colleges and universities, and health care facilities. Applicants must be building owners served by electric utilities participating in the **System Benefit Charge (SBC).**

WHAT this Program Offers

- **Technical assistance** to evaluate energy-efficient options
- **Cash back** for installation of cost-effective electric-efficiency measures in new or substantially renovated buildings
- **Additional incentives** for green buildings

HOW to Participate

NYSERDA project managers and regional-based consultants will work with you and your design team to analyze efficiency opportunities in new or substantially renovated buildings. Financial incentives are provided for approved installations. *Early design intervention will yield greater incentives and efficiency benefits*.

HOW to Apply

Funding is available on a first-come, first-served basis from January 4, 2012 through December 30, 2015 or until funds are fully committed.

The application and program materials are available on-line at nyserda.ny.gov/new-construction.

For more information, call (518) 862-1090, or toll free 1-866-NYSERDA; e-mail NCPOutreach@nyserda.ny.gov; or visit the NYSERDA Web site at nyserda.ny.gov.

NYSERDA Energy Efficiency Programs are funded by a System Benefits Charge (SBC) paid by electric distribution customers of certain New York State utility companies. NYSERDA, a public benefit corporation established by law in 1975, administers SBC funds and programs under an agreement with the Public Service Commission.

NYSERDA Energy Efficiency Programs are designed to lower electricity and natural gas costs by encouraging energy efficiency as the State's utilities move to competition. The programs are available to electric and distribution customers (residential, commercial, institutional, and industrial) who pay into SBC.
