completed by impartial energy efficiency professionals

Understand energy use and costs

Effective July 13, 2020 through December 31, 2020, Green Jobs – Green New York Energy Studies will be available at **no cost** for eligible customers.

Green Jobs – Green New York Energy Study

Your custom energy study will include:

- Comprehensive facility walk through
- Site staff interviews
- Utility bill analysis
- Fuel-neutral, unbiased evaluation of potential low-cost/no-cost and capital improvement energy efficiency upgrades
- Report that outlines potential energy and cost savings opportunities for your facility

Once the study is complete, we will assist you in identifying potential utility incentives and low-cost financing options to help take the next steps toward implementing energy saving projects.

More ways to save

Interested in Clean Heating and Cooling technologies such as Ground Source Heat Pumps, Air Source Heat Pumps, or Variable Refrigerant Flow systems? **FREE Clean Heating and Cooling screenings** are now available for eligible small businesses and not-for-profits.

Eligible participants

- Small Commercial Businesses (100 Full Time Employee Equivalents or Less)
- Not-For-Profit Organizations (any size)
