## Enhanced support to implement energy-saving projects in commercial buildings

With evolving energy needs and a wide variety of energy-saving technologies, it can be difficult for businesses and organizations to identify project opportunities and navigate available financial incentives.

To support customers in their journey toward energy efficiency and sustainability, NYSERDA has developed the Commercial Programs Support Initiative (CPSI). CPSI helps commercial customers better understand their energy use, determine the best project opportunities, and navigate

### Take advantage of support services through CPSI

- Free facility energy benchmarking (limitations apply)
- Informative program updates and educational webinars and presentations
- Video case study option for project success stories
- Help navigating NYSERDA's portfolio of programs
- Application assistance
- Access to dedicated CPSI staff members for questions

### Apply for program funding to help reduce costs

NYSERDA's programs help businesses and organizations leverage available funding to reduce energy costs, improve building comfort and performance, and support green building and sustainability plans. CPSI provides enhanced support for navigating NYSERDA commercial programs:

- Flexible Technical Assistance
- Commercial Tenant
- REV Campus Challenge Roadmaps
- Energy Study Aggregation
- On-site Energy Manager
- And more
