

# Focus on Hospitality

## ICE MAKERS

High efficiency ice makers save an estimated 20% a year in energy costs over standard units.

High efficiency ice makers are built with better insulating walls and advanced compressors that reduce electricity use in the freezing and harvesting cycles.

### **BENEFITS:**

- Lower mold and bacteria growth
- Cooler and quieter operation – reduce heat build up in kitchens and wait stations
- High quality construction features

**Save Energy, Save Time, and Serve More.  
Ask your distributor for High Efficiency  
Ice Makers.**

To learn more and get a list of available incentives on this and other high efficiency food service equipment contact the NYSERDA Focus on Hospitality Contractor by emailing [hospitality@nyserda.org](mailto:hospitality@nyserda.org), by calling the toll free hotline at **866-904-8027** or visiting our website at [hospitality@nyserda.org](http://hospitality@nyserda.org).
