

“NYSERDA Growth Capital Business Partners”  
Program Opportunity Notice (PON) 1927  
**\$ 400,000 Available**

Proposals Due: May 3, 2011 by 5:00 PM Eastern Time\*

**Program Summary:** Many of NYSERDA’s objectives in the commercialization of new clean energy technology and the development of new clean energy businesses can best be fulfilled with the involvement of providers of early-stage and expansion-stage private capital, such as angel investors, venture capital firms, and other providers of growth financing. The early and frequent engagement of such investors – for NYSERDA program and policy input, participation in NYSERDA-sponsored incubators, participation in consortia and other partnerships, and introduction to NYSERDA-supported technology developers – is valuable when it occurs, and NYSERDA seeks to make such engagement more regular and systematic.

The purpose of this program is to support a designated coordinating entity to organize frequent and sustained communication between NYSERDA and these investment communities worldwide. This is a solicitation for proposals from such entities for this financial support.

**Proposal Submission:** Proposers must submit ten (10) copies of the proposal and one (1) electronic copy on compact disc (CD), with a completed and signed Proposal Checklist attached to the front of each copy, one of which must contain an original signature. Proposals must be clearly labeled and submitted to:

**Roseanne Viscusi, PON 1927  
NYS Energy Research and Development Authority  
17 Columbia Circle  
Albany, NY 12203-6399**

If you have technical questions concerning this solicitation, contact Michael Shimazu at (518) 862-1090, ext. 3478 or mhs@nyserda.org. If you have contractual questions concerning this solicitation, contact Nancy Marucci at (518) 862-1090, ext. 3335 or nsm@nyserda.org.

No communication intended to influence this procurement is permitted except by contacting Michael Shimazu (Designated Contact) at (518) 862-1090, ext. 3478 or mhs@nyserda.org. Contacting anyone other than this Designated Contact (either directly by the proposer or indirectly through a lobbyist or other person acting on the proposer’s behalf) in an attempt to influence the procurement: (1) may result in a proposer being deemed a non-responsible offerer, and (2) may result in the proposer not being awarded a contract.

\*Late proposals and proposals lacking the appropriate completed and signed Proposal Checklist may be returned. Faxed or e-mailed proposals will not be accepted. Proposals will not be accepted at any other NYSERDA location other than the address above. If changes are made to this solicitation, notification will be posted on NYSERDA’s web site at [www.nyserda.org](http://www.nyserda.org).

## I. INTRODUCTION

The New York State Energy Research and Development Authority (NYSERDA) is a public benefit corporation established by the New York State Legislature in 1975. Its mission is to advance innovative energy solutions in ways that improve New York's economy and environment. To accomplish this, NYSERDA seeks to serve as a catalyst – advancing energy innovation and technology, transforming New York's economy, and empowering people to choose clean and efficient energy as part of their everyday lives

Many of NYSERDA's objectives in the commercialization of new clean energy technology and the development of new clean energy businesses can best be fulfilled with the involvement of providers of early-stage and expansion-stage private capital, such as angel investors, venture capital firms, and other providers of growth financing. The early and frequent engagement of such investors – for NYSERDA program and policy input, participation in NYSERDA-sponsored incubators, participation in consortia and other partnerships, and introduction to NYSERDA-supported technology developers – is valuable when it occurs, and NYSERDA seeks to make such engagement more regular and systematic.

The purpose of this program is to support a designated coordinating entity to organize frequent and sustained communication between NYSERDA and these investment communities worldwide. This is a solicitation for proposals from such entities for this financial support.

This solicitation is funded under the **New York Energy \$mart<sup>SM</sup>** program, which is designed to encourage energy efficiency to reduce operating costs, lower emissions from electric generation, and reduce the strain on the State's transmission system. The **New York Energy \$mart<sup>SM</sup>** Program is funded by the System Benefits Charge (SBC) and covers the territory consisting of Central Hudson Gas & Electric Corp., Consolidated Edison Company of New York, Inc., New York State Electric & Gas Corporation, National Grid, Orange and Rockland Utilities, Inc., and Rochester Gas & Electric utility service areas.

This Program Opportunity Notice is organized as follows:

- II. Program Requirements (page 2)
- III. Proposal Requirements (page 4)
- IV. Proposal Evaluation (page 7)
- V. General Considerations (page 8)
- VI. Attachments (page 10)

## II. PROGRAM REQUIREMENTS

### Program Eligibility and Proposer Qualifications

For-profit and not-for-profit entities may propose under this solicitation. Provided that there is a single lead proposing entity that will be accountable for program delivery, the formation of proposal teams is allowed. Such teams may be beneficial to leverage existing organizations and networks.

### Range and Scope of Services

NYSERDA seeks an efficient and effective means of communicating with investors, and in particular early-stage and expansion-stage venture capital investors, for several purposes, including these:

- To introduce NYSERDA to the investors, and convey the benefits of being actively involved with NYSERDA programs and initiatives.
- To seek the input of appropriate investor groups as NYSERDA continues to develop and manage its programs and policies to grow clean energy companies and foster an innovation ecosystem in New York;
- To make technologies developed with NYSERDA support known to the investment community;

- To introduce the investment community to NYSERDA-supported companies seeking capital and provide ongoing updates on their progress;
- To engage interested investors in the activities of NYSERDA-sponsored programs such as its Clean Energy Business Incubators, the New York State Smart Grid Consortium, the New York Battery and Energy Storage Technology Consortium, and others;
- To coordinate with the investment community in the pursuit of major Federal clean energy funding programs;
- To understand trends in clean energy investment for decision-making regarding the deployment of NYSERDA resources.

NYSERDA's programs to support clean energy business development include six Clean Energy Business Incubators, a NYSERDA Entrepreneurs-in-Residence Mentorship Program, NYSERDA Pre-Seed Workshop Scholarships, and entrepreneurial training programs (see: <http://www.nyserda.org/businessdevelopment>). NYSERDA also provides direct financial support to many early-stage companies through numerous product development programs. In addition, NYSERDA supports consortia such as the New York Battery and Energy Storage Technology (NY-BEST) Consortium (<http://www.ny-best.org>) and the Smart Grid Consortium (<http://nyssmartgrid.com>). To varying degrees, all of these have as an objective the preparation of New York companies for infusions of private capital. Consequently, engagement with the appropriate sources of capital is an important part of program management.

Under this solicitation, NYSERDA seeks to designate and support a contractor that will organize frequent and sustained communication between NYSERDA and NYSERDA Growth Capital Business Partners – the investment community within New York State and globally. Both at NYSERDA's direction and independently, the contractor would be expected to organize meetings and events, issue regular and special purpose communications to the community, develop and maintain a contact list of investors for NYSERDA's use, arrange advice for NYSERDA on trends and issues in clean energy early-stage finance, and provide an administrative and coordinating center for special projects. Such special projects could include preparing for federal solicitations, providing program input to NYSERDA, linking NYSERDA contractors and Clean Energy Business Incubators with the Growth Capital Business Partners, or facilitating relationships between Growth Capital Business Partners and NYSERDA-sponsored consortia.

An important aspect of the services being solicited is the identification and recruitment of investors to be included in the NYSERDA Growth Capital Business Partners. These early-stage and expansion-stage investors with an interest in clean energy can be located anywhere in the world, and may include angel investors, family offices, and corporate investors in addition to more conventional venture capital firms. It should be noted that New York itself hosts an important concentration of capital, as do the adjoining states of the Northeastern US. Within New York, there are many geographically based angel networks, as well as organizations of venture capital firms, such as the Upstate Venture Association of New York and the New York Venture Association, with broad interests in venture investing, but whose members do not necessarily have an interest in clean energy and clean technology. In addition there are many investors with such interests who are not affiliated with these organizations. Bringing those firms and investors with an interest in clean energy into communication with NYSERDA is a principal goal of this program.

The proposed scope of work should effectively pursue the program objectives within the constraints of the available budget. The strategic selection of cost-effective activities by the selected proposer will largely determine the project scope.

### **Available Funds**

NYSERDA will make available up to \$400,000 under this solicitation, and will make no more than one contract award. Of this amount, \$375,000 will be available over three years for operations and expenses related to special projects.

One of the objectives of this project is to make the NYSERDA Growth Capital Business Partners program self-sustaining after this three-year funding period. It is anticipated that future support from non-NYSERDA stakeholders may come from revenues in the form of sponsorships, dues, fees or other charges. Up to \$25,000 of any award from NYSERDA under this solicitation will be reserved to match such other revenues.

NYSERDA reserves the right, in its sole discretion, to make no awards or to award less than the maximum amount set forth in this solicitation. Cost sharing is not required, but if proposed will be considered in the competitive evaluation of proposals.

### III. PROPOSAL REQUIREMENTS

Proposers must submit ten (10) copies of the completed proposal and one electronic copy on CD to the attention of Roseanne Viscusi at the address on the front of this Program Opportunity Notice and by the date and time indicated. A completed and signed Proposal Checklist must be attached as the front cover of your proposal, one of which must contain an original signature. **Late proposals and proposals lacking the appropriate completed and signed Proposal Checklist may be returned and not reviewed.** Faxed or e-mailed copies will not be accepted.

Proposals should not be excessively long or submitted in an elaborate format that includes expensive binders or graphics – double-sided prints with a staple in the upper left corner is the preferred format. Unnecessary attachments beyond those sufficient to present a complete, comprehensive, and effective response will not influence the evaluation of the proposal. Each page of the proposal should state the name of the proposer, the PON number, and the page number. The proposal should present the items in the sequence indicated:

- Proposal Checklist
- State Finance Law Form
- Proposal Sections:
  1. Executive Summary
  2. Background, Opportunity and Needs Assessment
  3. Statement of Work and Schedule
  4. Proposer Qualifications and Experience
  5. Project Metrics and Benefits
  6. Project Budget
- Appendices

**Proposal Checklist** - Complete the specific Proposal Checklist attached as part of this PON, and include it as the front cover of the original and each copy of the proposal. Please note the following:

- Indicate whether you accept the standard terms and conditions as contained in the attached Sample Agreement. If you do not accept the standard terms and conditions, provide alternate terms with justification based on the risk and benefit to NYSERDA and New York State.
- Be sure the individual who is signing the Proposal Checklist is authorized to commit the proposer's organization to the proposal as submitted.

#### **Procurement Lobbying Requirements - State Finance Law sections 139-j and 139-k**

Procurement lobbying requirements contained in State Finance Law sections 139-j and 139-k became effective on January 1, 2006. (The text of the laws are available at: <http://www.ogs.state.ny.us/aboutogs/regulations/advisoryCouncil/StatutoryReferences.html>). In compliance with §139-j and §139-k of the State Finance Law, for proposals submitted in response to this solicitation that could result in agreements with an annual estimated value in excess of \$15,000, additional forms must be completed and filed with proposals: (1) a signed copy of the Proposal Checklist including required certifications under the State

Finance Law and (2) a completed Disclosure of Prior Findings of Non-Responsibility form. **Failure to include a signed copy of the Proposal Checklist referenced in this solicitation will disqualify your proposal.**

**Proposal Sections** – Sections of your proposal should be as follows:

**1. *Executive Summary (1-2 pages)***

Briefly summarize the proposal by highlighting the statewide and regional needs and opportunities that are addressed, the major elements of the proposed NYSERDA Growth Capital Partners program, the total project cost, and expectations, targets and goals for New York State impacts.

**2. *Background, Opportunity and Needs Assessment (2-4 pages)***

Describe the background and rationale for the proposed project to provide a context for the proposed activities.

- Identify early-stage and expansion-stage investors and investor groups who have been active in clean technologies, and who may have areas of mutual interest with NYSERDA. Describe the nature of existing relationships you may have with such investors, if any.
- Describe areas of possible mutual interest and collaboration between these investors and groups and NYSERDA. Identify the value such investors and groups could realize by engaging with NYSERDA and the research and development partners it supports.
- Assess and quantify, if possible, the potential for early-stage and expansion-stage investment in New York State-based clean energy companies.
- Identify key issues that may promote or inhibit the deployment of early-stage and expansion-stage capital in New York State-based clean energy companies.
- Identify information or resource requirements that could promote early-stage and expansion-stage investment in New York State-based clean energy companies.

**3. *Statement of Work and Schedule (3-6 pages)***

Describe your approach to organizing frequent and sustained communication between NYSERDA and NYSERDA Growth Capital Business Partners – the investment community, principally early-stage and expansion-stage investors with an interest in clean energy. Provide a list of tasks, along with a description, budget and schedule for performance of each. Together, these tasks should address the following items, within the limitations of the program budget:

- Describe what strategies you will use to identify, recruit, and organize NYSERDA Growth Capital Business Partners, both to start and on an ongoing basis. Identify the value you will offer to NYSERDA Growth Capital Business Partners for their participation.
- Describe the most effective means you will use to open and maintain communications between NYSERDA (along with its funded consortia, companies, and incubators) and the Growth Capital Business Partners such that all parties benefit.
- Describe how you will keep NYSERDA abreast of current and emerging trends and issues in early-stage finance for clean energy. Indicate how you will organize input to NYSERDA policies and program plans upon request.

- Indicate how you will select NYSERDA-generated information for transmission to Growth Capital Business Partners.
- Indicate how you will facilitate relationships between Growth Capital Business Partners and NYSERDA-sponsored consortia, NYSERDA-funded companies, and NYSERDA-supported business incubators.
- Describe any key initiatives you would like to undertake to further the objectives of this program.

The Statement of Work should include quarterly reporting to NYSERDA, at a minimum.

One of the objectives of this project is to make the NYSERDA Growth Capital Business Partners program self-sustaining after this three-year funding period. A plan for sustainability will be expected as a deliverable by the end of the second year of the program. The development of a clear value proposition to the Growth Capital Business Partners that is likely to encourage their future financial support will be expected.

#### **4. *Proposer Qualifications and Experience (2-4 pages)***

Describe the lead proposer or proposing organization and its history of engagement with early-stage and expansion-stage investors. Describe projects, initiatives and ongoing programs of the proposing team that have engaged the investor community, including revenue models for supporting them.

Describe partner or supporting organizations, if any, and their commitment to this proposed program. Provide letters of commitment from these organizations in the appendix.

Identify key personnel who will be responsible for implementing the program and provide brief biographical information. Provide full resumes in the appendix.

Identify any investment firms or investors who have agreed to join the NYSERDA Growth Capital Business Partners, if any, and describe their interest in engaging with NYSERDA. Provide letters of commitment from them in the appendix.

#### **5. *Project Metrics and Benefits (2-4 pages)***

Describe the prospective benefits of the expected efforts. These should be stated in terms of quantitative measures where possible. Such metrics could include number and types of investors engaged, New York-based companies receiving capital, amount of capital invested, and so forth.

Describe methods for gathering information and reporting such to NYSERDA.

#### **6. *Project Budget***

Provide the following:

- **Contract Pricing Proposal Form (CPPF)** - [The CPPF, with associated instructions, is provided as an attachment to this PON. Each proposal must include a completed CPPF. Additional CPPF formats are available at: <http://www.nyserda.org/Funding/stdforms.asp> ]
- **Per-Task Cost Table (required)** - Proposers must submit one table indicating both:
  - 1) the total expected expenditures for each task in the Statement of Work, and
  - 2) the percent of total effort for each task.

Attach supporting documentation to outline indirect cost (overhead) rate(s) included in your proposal as follows:

1. Describe the basis for the rates proposed (i.e., based on prior period actual results; based on projections; based on federal government or other independently-approved rates).
2. If a rate is approved by an independent organization, such as the federal government, provide a copy of such approval.
3. If a rate is based on estimated costs or actual results from the prior reporting period, include calculations to support the proposed rate. Calculation should provide enough information for NYSERDA to evaluate and confirm that the rates are consistent with generally accepted accounting principles for indirect costs.

NYSERDA reserves the right to audit any indirect rate presented in the proposal and to make adjustment for any difference between the proposed and actual rate. Requests for financial statements or other needed financial information may be made if deemed necessary.

## 7. **Appendices**

- **Potential Conflicts of Interest** – Identify the nature of any potential conflicts of interest among team members in providing services to NYSERDA under this PON. Fully discuss possible conflicts of interest, actual and perceived, which could arise in connection with performance by team members of the proposed contract. Describe how your firm would resolve conflicts of interest. In the event that NYSERDA determines that a team member may have a conflict of interest or the appearance of such, NYSERDA may: (1) take this into consideration in evaluating the proposal; (2) exclude the proposer from consideration for an award; (3) adjust the scope of work to avoid the conflict of or appearance of conflict; or (4) negotiate other appropriate actions with the team member to avoid the conflict or appearance of conflict.
- **Exceptions to the Terms and Conditions** - If you do not accept the standard terms and conditions as contained in the attached Sample Agreement, provide alternate terms with justification based on the risk and benefit to NYSERDA and New York State.
- **Letters of Commitment or Support** - If you are relying on any other organization or business to do some of the work, provide services or equipment, or share in any non-NYSERDA cost, include a letter from that organization or business describing its commitment. Also include letters of commitment or support from businesses or organizations critical to the future implementation of the project. **Absence of letters of commitment or support will be interpreted as the proposer not having commitment or support from those parties.** Proposers are encouraged to obtain letters of support that document accessibility and strong links to the venture community.
- **Resumes of Key Individuals**

## IV. PROPOSAL EVALUATION

NYSERDA expects to notify proposers in approximately 10 weeks from the proposal due date whether your proposal has been selected to receive an award.

**Limitation** - This solicitation does not commit NYSERDA to award a contract, pay any costs incurred in preparing a proposal, or to procure or contract for services or supplies. NYSERDA reserves the right to accept or reject any or all proposals received, to negotiate with all qualified sources, or to cancel in part or in its entirety the solicitation when it is in NYSERDA's best interest. NYSERDA reserves the right to reject proposals based on the nature and number of any exceptions taken to the standard terms and conditions of the Sample Agreement.

**Disclosure Requirement** - The proposer shall disclose any indictment for any alleged felony, or any conviction for a felony within the past five years, under the laws of the United States or any state or territory of the United States, and shall describe circumstances for each. When a proposer is an association, partnership, corporation, or other organization, this disclosure requirement includes the organization and its officers, partners, and directors or members of any similarly governing body. If an indictment or conviction should come to the attention of NYSERDA

after the award of a contract, NYSERDA may exercise its stop-work right pending further investigation, or terminate the agreement; the contractor may be subject to penalties for violation of any law which may apply in the particular circumstances. ### Article III

#### Deliverables

Section 3.01. Deliverables. All deliverables shall be provided in accordance with the Exhibit A Statement of Work.

### Article IV

#### Payment

Section 4.01. Compensation. In consideration for this Agreement and as full compensation for the costs for the performance of all Work and in respect of all other direct and indirect costs, charges or expenses incurred in connection therewith, NYSERDA shall pay to the Contractor the actual cost incurred as set forth in the Budget up to a maximum amount set forth in Item 7 of page one of the Agreement, subject to the provisions and restrictions contained herein. Such amount shall be paid only to the extent that costs are incurred by the Contractor in performance of the Work in accordance with the provisions of this Agreement, the Budget and the following:

(a) Staff Charges: The Contractor shall be compensated for the services performed by its employees under the terms of this Agreement at the employee's actual wage rate.

Travel, lodging, meals and incidental expenses shall be reimbursed for reasonable and necessary costs incurred. Costs should generally not exceed the daily per diem rates published in the Federal Travel Regulations. Invoices shall be addressed to NYSERDA, "Attention: Accounts Payable." Such invoices shall make reference to the Agreement number shown in Item 1 of page one of the Agreement. Invoices shall set forth total project costs incurred. They shall be in a format consistent with the cost categories set forth in the Budget. In accordance with and subject to the provisions of such Exhibit D, NYSERDA shall pay to the Contractor, within the prescribed time after receipt of an invoice for a progress payment, 90% of NYSERDA's share of the amount so requested, unless NYSERDA should determine that any such payment or any part thereof is otherwise not properly payable pursuant to the terms of the Agreement or the Budget.

Any payment made under the Agreement shall be subject to retroactive reduction for amounts included therein which are found by NYSERDA on the basis of any audit of the Contractor by an agency of the United States, State of New York or NYSERDA not to constitute an allowable charge or cost hereunder.

## Article V

### Assignments, Subcontracts and Purchase Orders

Section 5.01. General Restrictions. Except as specifically provided otherwise in this Article, the assignment, transfer, conveyance, subcontracting or other disposal of this Agreement or any of the Contractor's rights, obligations, interests or responsibilities hereunder, in whole or in part, without the express consent in writing of NYSERDA shall be void and of no effect as to NYSERDA.

Section 5.02. Subcontract Procedures. Without relieving it of, or in any way limiting, its obligations to NYSERDA under this Agreement, the Contractor may enter into Subcontracts for the performance of Work or for the purchase of materials or equipment. Except for a subcontractor or supplier specified in a team arrangement with the Contractor in the Contractor's original proposal, and except for any subcontract or order for equipment, supplies or materials from a single subcontractor or supplier totaling under \$50,000, the Contractor shall select all subcontractors or suppliers through a process of competitive bidding or multi-source price review. A team arrangement is one where a subcontractor or supplier specified in the Contractor's proposal is performing a substantial portion of the Work and is making a substantial contribution to the management and/or design of the Project. In the event that a competitive bidding or multi-source price review is not feasible, the Contractor shall document an explanation for, and justification of, a sole source selection. The Contractor shall document the process by which a subcontractor or supplier is selected by making a record summarizing the nature and scope of the work, equipment, supplies or materials sought, the name of each person or organization submitting, or requested to submit, a bid or proposal, the price or fee bid, and the basis for selection of the subcontractor or supplier. An explanation for, and justification of, a sole source selection must identify why the work, equipment, supplies or materials involved are obtainable from or require a subcontractor with unique or exceptionally scarce qualifications or experience, specialized equipment, or facilities not readily available from other sources, or patents, copyrights, or proprietary data. All Subcontracts

shall contain provisions comparable to those set forth in this Agreement applicable to a subcontractor or supplier, and those set forth in Exhibit B to the extent required by law, and all other provisions now or hereafter required by law to be contained therein.

Section 5.03. Performance. The Contractor shall promptly and diligently comply with its obligations under each Subcontract and shall take no action which would impair its rights there under. The Contractor shall not assign, cancel or terminate any Subcontract without prior written notification to the Contract Administrator as long as this Agreement remains in effect.

## Article VI

## Article VII

### Force Majeure

- (i) the right to withhold Proprietary Data in accordance with the provisions of this clause; and
- (ii) the right to use for its private purposes subject to patent, or other provisions of this Agreement, Contract Data it first produces in the performance of this Agreement provided the data requirements of this Agreement have been met as of the date of the private use of such data.

The Contractor agrees that to the extent it receives or is given access to Proprietary Data or other technical, business or financial data in the form of recorded information from NYSERDA or a NYSERDA contractor or subcontractor, the Contractor shall treat such data in accordance with any restrictive legend contained thereon, unless another use is specifically authorized by prior written approval of the Contract Administrator.

(e) neither the Contractor nor any of its employees, agents, representatives or servants has actual knowledge of any patent issued under the laws of the United States or any other matter which could constitute a basis for any claim that the performance of the Work or any part thereof infringes any patent or otherwise interferes with any other right of any Person;

(f) there are no existing undisclosed or threatened legal actions, claims, or encumbrances, or liabilities that may adversely affect the Work or the NYSERDA's rights hereunder;

(g) it has no actual knowledge that any information or document or statement furnished by the Contractor in connection with this Agreement contains any untrue statement of a material fact or omits to state a material fact necessary to make the statement not misleading, and that all facts have been disclosed that would materially adversely affect the Work; and

The obligations of the Contractor under this Article shall survive any expiration or termination of this Agreement, and shall not be limited by any enumeration herein of required insurance coverage.

## Article XI

### Insurance

Section 11.01. Maintenance of Insurance; Policy Provisions. The Contractor, at no additional cost to NYSERDA, shall maintain or cause to be maintained throughout the term of this Agreement, insurance of the types and in the amounts specified in the Section hereof entitled Types of Insurance. In the event of threatened legal action, claims, encumbrances, or liabilities that may affect NYSERDA hereunder, or if deemed necessary by NYSERDA due to events rendering a review necessary, upon request the Contractor shall deliver to NYSERDA a certified copy of each policy.

## Article XII

### Stop Work Order; Termination

Section 12.01. Stop Work Order.

(a) NYSERDA may at any time, by written Order to the Contractor, require the Contractor to stop all, or any part of, the Work called for by this Agreement for a period of up to 90 days after the Stop Work Order is delivered to the Contractor, and for any further period to which the parties may agree. Any such order shall be specifically identified as a Stop Work Order issued pursuant to this Section. Upon receipt of such an Order, the Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the Work covered by the order during the period of work stoppage consistent with public health and safety. Within a period of 90 days after a Stop Work Order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, NYSERDA shall either:

- (i) by written notice to the Contractor, cancel the Stop Work Order, which shall be effective as provided in such cancellation notice, or if not specified therein, upon receipt by the Contractor, or

- (ii) terminate the Work covered by such order as provided in the Termination Section of this Agreement.

(b) If a Stop Work Order issued under this Section is cancelled or the period of the order or any extension thereof expires, the Contractor shall resume Work. An equitable adjustment shall be made in the delivery schedule, the estimated cost, the fee, if any, or a combination thereof, and in any other provisions of the Agreement that may be affected, and the Agreement shall be modified in writing accordingly, if:

- (i) the Stop Work Order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this Agreement, and
- (ii) the Contractor asserts a claim for such adjustments within 30 days after the end of the period of Work stoppage; provided that, if NYSERDA decides the facts justify such action, NYSERDA may receive and act upon any such claim asserted at any time prior to final payment under this Agreement.

(c) If a Stop Work Order is not cancelled and the Work covered by such order is terminated, the reasonable costs resulting from the Stop Work Order shall be allowed by equitable adjustment or otherwise.

(d) Notwithstanding the provisions of this Section 12.01, the maximum amount payable by NYSERDA to the Contractor pursuant to this Section 12.01 shall not be increased or deemed to be increased except by specific written amendment hereto.

#### Section 12.02. Termination.

(a) This Agreement may be terminated by NYSERDA at any time during the term of this Agreement with or without cause, upon 30 days prior written notice to the Contractor. In such event, compensation shall be paid to the Contractor for Work performed and expenses incurred prior to the effective date of termination in accordance with the provisions of the Article hereof entitled Payment and in reimbursement of any amounts required to be paid by the Contractor pursuant to Subcontracts; provided, however, that upon receipt of any such notice of termination, the Contractor shall cease the performance of Work, shall make no further commitments with respect thereto and shall reduce insofar as possible the amount of outstanding commitments (including, to the extent requested by NYSERDA, through termination of subcontracts containing provisions therefore).

(b) NYSERDA reserves the right to terminate this agreement in the event it is found that the certification filed by the Contractor in accordance with State Finance Law Sections 139-j and 139-k was intentionally false or intentionally incomplete. Upon such finding, NYSERDA may exercise its termination right by providing written notification to the Contractor as set forth in Article XV of this Agreement.

(c) NYSERDA reserves the right to terminate this agreement in the event it is found that the certification filed by the Contractor in accordance with New York State Tax Law Section 5-a was intentionally false when

made. Upon such finding, NYSERDA may exercise its termination right by providing written notification to the Contractor as set forth in Article XV of this Agreement.

### Article XIII

#### Independent Contractor

Section 13.01. Independent Contractor. The status of the Contractor under this Agreement shall be that of an independent contractor and not that of an agent, and in accordance with such status, the Contractor, the Subcontractors, and their respective officers, agents, employees, representatives and servants shall at all times during the term of this Agreement conduct themselves in a manner consistent with such status and by reason of this Agreement shall neither hold themselves out as, nor claim to be acting in the capacity of, officers, employees, agents, representatives or servants of NYSERDA nor make any claim, demand or application for any right or privilege applicable to NYSERDA, including, without limitation, rights or privileges derived from workers' compensation coverage, unemployment insurance benefits, social security coverage and retirement membership or credit.

## EXHIBIT C

REVISED 9/06

### STANDARD TERMS AND CONDITIONS FOR ALL NYSERDA AGREEMENTS

(Based on Standard Clauses for New York State Contracts and Tax Law Section 5-a)

The parties to the attached agreement, contract, license, lease, amendment, modification or other agreement of any kind (hereinafter, "the Agreement" or "this Agreement") agree to be bound by the following clauses which are hereby made a part of the Agreement (the word "Contractor" herein refers to any party other than NYSERDA, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. NON-DISCRIMINATION REQUIREMENTS. In accordance with Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, age, disability or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is an Agreement for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this Agreement shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Agreement. If this is a building service Agreement as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this Agreement and forfeiture of all moneys due hereunder for a second subsequent violation.

2. WAGE AND HOURS PROVISIONS. If this is a public work Agreement covered by Article 8 of the Labor Law or a building service Agreement covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

3. NON-COLLUSIVE BIDDING REQUIREMENT. In accordance with Section 2878 of the Public Authorities Law, if this Agreement was awarded based upon the submission of bids, Contractor warrants, under

penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to NYSERDA a non-collusive bidding certification on Contractor's behalf.

4. INTERNATIONAL BOYCOTT PROHIBITION. If this Agreement exceeds \$5,000, the Contractor agrees, as a material condition of the Agreement, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the Federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the Agreement's execution, such Agreement, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify NYSERDA within five (5) business days of such conviction, determination or disposition of appeal. (See and compare Section 220-f of the Labor Law, Section 139-h of the State Finance Law, and 2 NYCRR 105.4).

5. SET-OFF RIGHTS. NYSERDA shall have all of its common law and statutory rights of set-off. These rights shall include, but not be limited to, NYSERDA's option to withhold for the purposes of set-off any moneys due to the Contractor under this Agreement up to any amounts due and owing to NYSERDA with regard to this Agreement, any other Agreement, including any Agreement for a term commencing prior to the term of this Agreement, plus any amounts due and owing to NYSERDA for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto.

6. CONFLICTING TERMS. In the event of a conflict between the terms of the Agreement (including any and all attachments thereto and amendments thereof) and the terms of this Exhibit B, the terms of this Exhibit B shall control.

7. GOVERNING LAW. This Agreement shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

8. NO ARBITRATION. Disputes involving this Agreement, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily required) without the NYSERDA's written consent, but must, instead, be heard in a court of competent jurisdiction of the State of New York.

9. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law and Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon NYSERDA's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify NYSERDA, in writing, of each and every change of address to which service of process can be made. Service by NYSERDA to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

10. CRIMINAL ACTIVITY. If subsequent to the effectiveness of this Agreement, NYSERDA comes to know of any allegation previously unknown to it that the Contractor or any of its principals is under indictment for a felony, or has been, within five (5) years prior to submission of the Contractor's proposal to NYSERDA, convicted of a felony, under the laws of the United States or Territory of the United States, then NYSERDA may exercise its stop work right under this Agreement. If subsequent to the effectiveness of this Agreement, NYSERDA comes to know of the fact, previously unknown to it, that Contractor or any of its principals is under such indictment or has been so convicted, then NYSERDA may exercise its right to terminate this Agreement. If the Contractor knowingly withheld information about such an indictment or conviction, NYSERDA may declare the Agreement null and void and may seek legal remedies against the Contractor and its principals. The Contractor or its principals may also be subject to penalties for any violation of law which may apply in the particular circumstances. For a Contractor which is an association, partnership, corporation, or other organization, the provisions of this paragraph apply to any such indictment or conviction of the organization itself or any of its officers, partners, or directors or members of any similar governing body, as applicable.

11. PERMITS. It is the responsibility of the Contractor to acquire and maintain, at its own cost, any and all permits, licenses, easements, waivers and permissions of every nature necessary to perform the work.

12. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this Agreement will be in accordance with, but not limited to, the specifications and provisions of State Finance Law Section 165 (Use of Tropical Hardwoods), which prohibits purchase and use of tropical hardwoods, unless specifically exempted by NYSERDA.

13. COMPLIANCE WITH TAX LAW SECTION 5-a. The following provisions apply to Contractors that have entered into agreements in an amount exceeding \$100,000 for the purchase of goods and services:

- a. Before such agreement can take effect, the Contractor must have on file with the New York State Department of Taxation and Finance a Contractor Certification form (ST-220-TD).

- c. Prior to any renewal period (if applicable) under the agreement, the Contractor is required to provide NYSERDA with a completed Form ST-220-CA.
- d. Certifications referenced in paragraphs (b) and (c) above will be maintained by NYSERDA and made a part hereof and incorporated herein by reference.
- e. NYSERDA reserves the right to terminate this agreement in the event it is found that the certification filed by the Contractor in accordance with Tax Law Section 5-a was false when made.

## EXHIBIT D

### PART 504

#### PROMPT PAYMENT POLICY STATEMENT

Section 504.1 Purpose and applicability. (a) The purpose of this Part is to implement section 2880 of the Public Authorities Law by detailing the authority's policy for making payment promptly on amounts properly due and owing by the authority under contracts. This Part constitutes the authority's prompt payment policy statement as required by that section.

(b) This Part generally applies to payments due and owing by the authority to a person or business in the private sector under a contract it has entered into with the authority on or after May 1, 1988. This Part does not apply to payments due and owing:

- (1) under the Eminent Domain Procedure Law;
- (2) as interest allowed on judgments rendered by a court pursuant to any provision of law except Section 2880 of the Public Authorities Law;
- (3) to the Federal government; to any state agency or its instrumentalities; to any duly constituted unit of local government, including but not limited to counties, cities, towns, villages, school districts, special districts or any of their related instrumentalities; to any other public authority or public benefit corporation; or to its employees when acting in, or incidental to, their public employment capacity;
- (4) if the Authority is exercising a legally authorized set-off against all or part of the payment; or
- (5) if other State or Federal law or rule or regulation specifically requires otherwise.

Section 504.2 Definitions. As used in this Part, the following terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

- (a) "Authority" means the New York State Energy Research and Development Authority.
- (b) "Contract" means an enforceable agreement entered into between the Authority and a contractor.
- (c) "Contractor" means any person, partnership, private corporation, or association:
  - (1) selling materials, equipment or supplies or leasing property or equipment to the Authority pursuant to a contract;
  - (2) constructing, reconstructing, rehabilitating or repairing buildings, highways or other

improvements for, or on behalf of, the Authority pursuant to a contract; or

(3) rendering or providing services to the Authority pursuant to a contract.

(d) "Date of payment" means the date on which the Authority requisitions a check from its statutory fiscal agent, the Department of Taxation and Finance, to make a payment.

(e) "Designated payment office" means the Office of the Authority's Controller, located at 17 Columbia Circle, Albany, New York 12203.

(f) "Payment" means provision by the Authority of funds in an amount sufficient to satisfy a debt properly due and owing to a contractor and payable under all applicable provisions of a contract to which this Part applies and of law, including but not limited to provisions for retained amounts or provisions which may limit the Authority's power to pay, such as claims, liens, attachments or judgments against the contractor which have not been properly discharged, waived or released.

(g) "Prompt payment" means a payment within the time periods applicable pursuant to Sections 504.3 through 504.5 of this Part in order for the Authority not to be liable for interest pursuant to Section 504.6.

(h) "Payment due date" means the date by which the date of payment must occur, in accordance with the provisions of Sections 504.3 through 504.5 of this Part, in order for the Authority not to be liable for interest pursuant to Section 5.06.

(i) "Proper invoice" means a written request for a contract payment that is submitted by a contractor setting forth the description, price or cost, and quantity of goods, property or services delivered or rendered, in such form, and supported by such other substantiating documentation, as the Authority may reasonably require, including but not limited to any requirements set forth in the contract; and addressed to the Authority's Controller, marked "Attention: Accounts Payable," at the designated payment office.

(j)(1) "Receipt of an invoice" means:

(i) if the payment is one for which an invoice is required, the later of:

(a) the date on which a proper invoice is actually received in the designated payment office during normal business hours; or

(b) the date by which, during normal business hours, the Authority has actually received all the purchased goods, property or services covered by a proper invoice previously received in the designated payment office.

(ii) if a contract provides that a payment will be made on a specific date or at a predetermined interval, without having to submit a written invoice the 30th calendar day, excluding legal holidays, before the date so specified or predetermined.

(2) For purposes of this subdivision, if the contract requires a multifaceted, completed or working system, or delivery of no less than a specified quantity of goods, property or services and only a portion of such systems or less than the required goods, property or services are working, completed or delivered, even though the Contractor has invoiced the Authority for the portion working, completed or delivered, the Authority will not be in receipt of an invoice until the specified minimum amount of the systems, goods, property or services are working, completed or delivered.

(k) "Set-off" means the reduction by the Authority of a payment due a contractor by an amount equal to the amount of an unpaid legally enforceable debt owed by the contractor to the Authority.

Section 504.3 Prompt payment schedule. Except as otherwise provided by law or regulation or in Sections 504.4 and 504.5 of this Part, the date of payment by the Authority of an amount properly due and owing under a contract shall be no later than 30 calendar days, excluding legal holidays, after such receipt.

#### Section 504.4 Payment procedures.

(a) Unless otherwise specified by a contract provision, a proper invoice submitted by the contractor to the designated payment office shall be required to initiate payment for goods, property or services. As soon as any invoice is received in the designated payment office during normal business hours, such invoice shall be date-stamped. The invoice shall then promptly be reviewed by the Authority.

(b) The Authority shall notify the contractor within 15 calendar days after receipt of an invoice of:

- (1) any defects in the delivered goods, property or services;
- (2) any defects in the invoice; and
- (3) suspected improprieties of any kind.

(c) The existence of any defects or suspected improprieties shall prevent the commencement of the time period specified in Section 504.3 until any such defects or improprieties are corrected or otherwise resolved.

(d) If the Authority fails to notify a contractor of a defect or impropriety within the fifteen calendar day period specified in subdivision (b) of this section, the sole effect shall be that the number of days allowed for payment shall be reduced by the number of days between the 15th day and the day that notification was transmitted to the contractor. If the Authority fails to provide reasonable grounds for its contention that a defect or impropriety exists, the sole effect shall be that the payment due date shall be calculated using the original date of receipt of an invoice.

(e) In the absence of any defect or suspected impropriety, or upon satisfactory correction or resolution of a defect or suspected impropriety, the Authority shall make payment, consistent with any such correction or resolution and the provisions of this Part.

Section 504.5 Exceptions and extension of payment due date. The Authority has determined that, notwithstanding the provisions of Sections 504.3 and 504.4 of this Part, any of the following facts or circumstances, which may occur concurrently or consecutively, reasonably justify extension of the payment due date:

(a) If the case of a payment which a contract provides will be made on a specific date or at a predetermined interval, without having to submit a written invoice, if any documentation, supporting data, performance verification, or notice specifically required by the contract or other State or Federal mandate has not been submitted to the Authority on a timely basis, then the payment due date shall be extended by the number of calendar days from the date by which all such matter was to be submitted to the Authority and the date when the Authority has actually received such matter.

(b) If an inspection or testing period, performance verification, audit or other review or documentation independent of the contractor is specifically required by the contract or by other State or Federal mandate, whether to be performed by or on behalf of the Authority or another entity, or is specifically permitted by the contract or by other State or Federal provision and the Authority or other entity with the right to do so elects to have such activity or documentation undertaken, then the payment due date shall be extended by the number of calendar days from the date of receipt of an invoice to the date when any such activity or documentation has been completed, the Authority has actually received the results of such activity or documentation conducted by another entity, and any deficiencies identified or issues raised as a result of such activity or documentation have been corrected or otherwise resolved.

(c) If an invoice must be examined by a State or Federal agency, or by another party contributing to the funding of the contract, prior to payment, then the payment due date shall be extended by the number of calendar days from the date of receipt of an invoice to the date when the State or Federal agency, or other contributing party to the contract, has completed the inspection, advised the Authority of the results of the inspection, and any deficiencies identified or issues raised as a result of such inspection have been corrected or otherwise resolved.

(d) If appropriated funds from which payment is to be made have not yet been appropriated or, if appropriated, not yet been made available to the Authority, then the payment due date shall be extended by the number of calendar days from the date of receipt of an invoice to the date when such funds are made available to the Authority.

Section 504.6 Interest eligibility and computation. If the Authority fails to make prompt payment, the Authority shall pay interest to a contractor on the payment when such interest computed as provided herein is equal to or more than ten dollars. Interest shall be computed and accrue at the daily rate in effect on the date of payment, as set by the New York State Tax Commission for corporate taxes pursuant to Section 1096(e)(1) of the Tax Law. Interest on such a payment shall be computed for the period beginning on the day after the payment due date and ending on the date of payment.

Section 504.7 Sources of funds to pay interest. Any interest payable by the Authority pursuant to this Part shall be paid only from the same accounts, funds, or appropriations that are lawfully available to make the related contract payment.

Section 504.8 Incorporation of prompt payment policy statement into contracts. The provisions of this Part in effect at the time of the creation of a contract shall be incorporated into and made a part of such contract and shall apply to all payments as they become due and owing pursuant to the terms and conditions of such contract, notwithstanding that the Authority may subsequently amend this Part by further rulemaking.

Section 504.9 Notice of objection. Unless a different procedure is specifically prescribed in a contract, a contractor may object to any action taken by the Authority pursuant to this Part which prevents the commencement of the time in which interest will be paid by submitting a written notice of objection to the Authority. Such notice shall be signed and dated and concisely and clearly set forth the basis for the objection and be addressed to the Vice President, New York State Energy Research and Development Authority, at the address set forth in Section 504.2(e). The Vice President of the Authority, or his or her designee, shall review the objection for purposes of affirming or modifying the Authority's action. Within 15 working days of the receipt of the objection, the Vice President, or his or her designee, shall notify the contractor either that the Authority's action is affirmed or that it is modified or that, due to the complexity of the issue, additional time is needed to conduct the review; provided, however, in no event shall the extended review period exceed 30 working days.

Section 504.10 Judicial Review. Any determination made by the Authority pursuant to this Part which prevents the commencement of the time in which interest will be paid is subject to judicial review in a proceeding pursuant to Article 78 of the Civil Practice Law and Rules. Such proceedings shall only be commenced upon completion of the review procedure specified in Section 504.9 of this Part or any other review procedure that may be specified in the contract or by other law, rule, or regulation.

Section 504.11 Court action or other legal processes.

(a) Notwithstanding any other law to the contrary, the liability of the Authority to make an interest payment to a contractor pursuant to this Part shall not extend beyond the date of a notice of intention to file a claim, the date of a notice of a claim, or the date commencing a legal action for the payment of such interest, whichever occurs first.

(b) With respect to the court action or other legal processes referred to in subdivision (a) of this section, any interest obligation incurred by the Authority after the date specified therein pursuant to any provision of law other than Public Authorities Law Section 2880 shall be determined as prescribed by such separate provision of law, shall be paid as directed by the court, and shall be paid from any source of funds available for that purpose.

Section 504.12 Amendments. These regulations may be amended by resolution of the Authority, provided that the Chair, upon written notice to the other Members of the Authority, may from time to time promulgate nonmaterial amendments of these regulations.
