

Energy Initiative Program

A partnership to support our community

What are our services?

- Orange County Fuel Fund
- Energy Workshops for Adults
- Energy and Water Workshops for

Youth

- Energy Savers Program

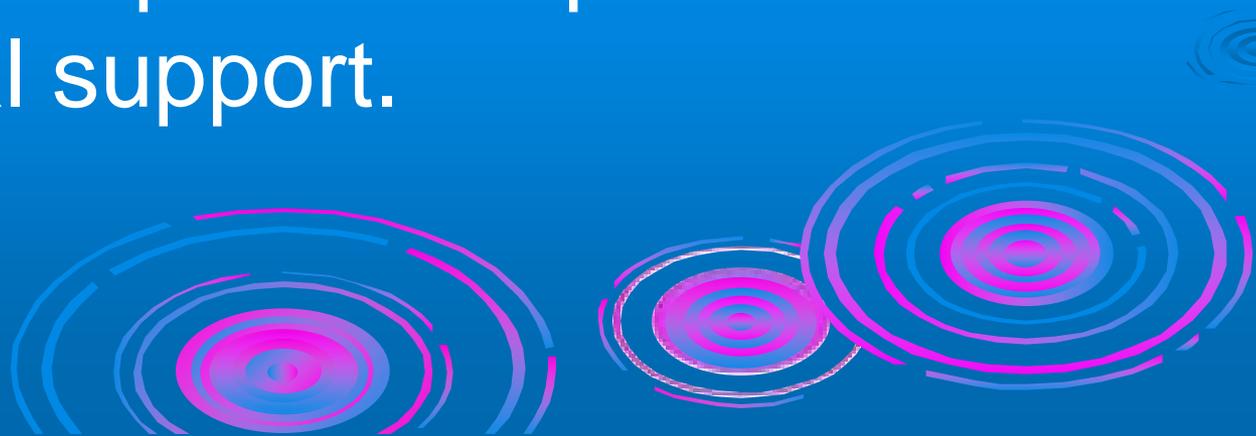

ORANGE COUNTY

FUEL FUND

We offer Orange County residents a series of opportunities to enhance their disposable income for a better quality of life.

- Strengthen their energy savings;
- Knowledge to achieve these goals;
- Access to partnerships that offer additional support.

What is this program?

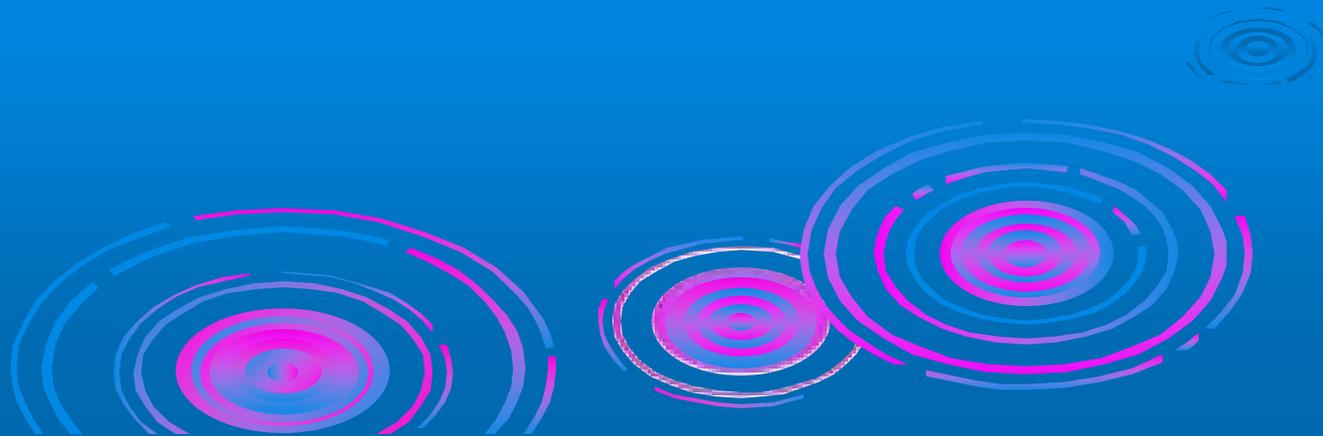

A program designed to serve, educate and empower the low to moderate income residents of Orange County to conserve their energy dollars and empower them to acquire more disposable income.

Who are our clients?

Consumers that are not HEAP eligible, are eligible to apply for the Fuel Fund.

Both HEAP and Fuel Fund consumers can apply for and become Energy Savers consumers.

Why do we need this?

Our intent is to reduce the barriers associated with consumers applying for a financial assistance programs. By building on a consumer's strengths, we empower our consumers to meet their future needs.

Energy Conservation Workshops for Adults

Provide a brief overview of key energy savings measures that can be accomplished by the attendee with ease.

Attendees receive a small weatherization kit, which allows them to take their first step towards energy conservation without much effort.

Water and Energy Workshops for Children

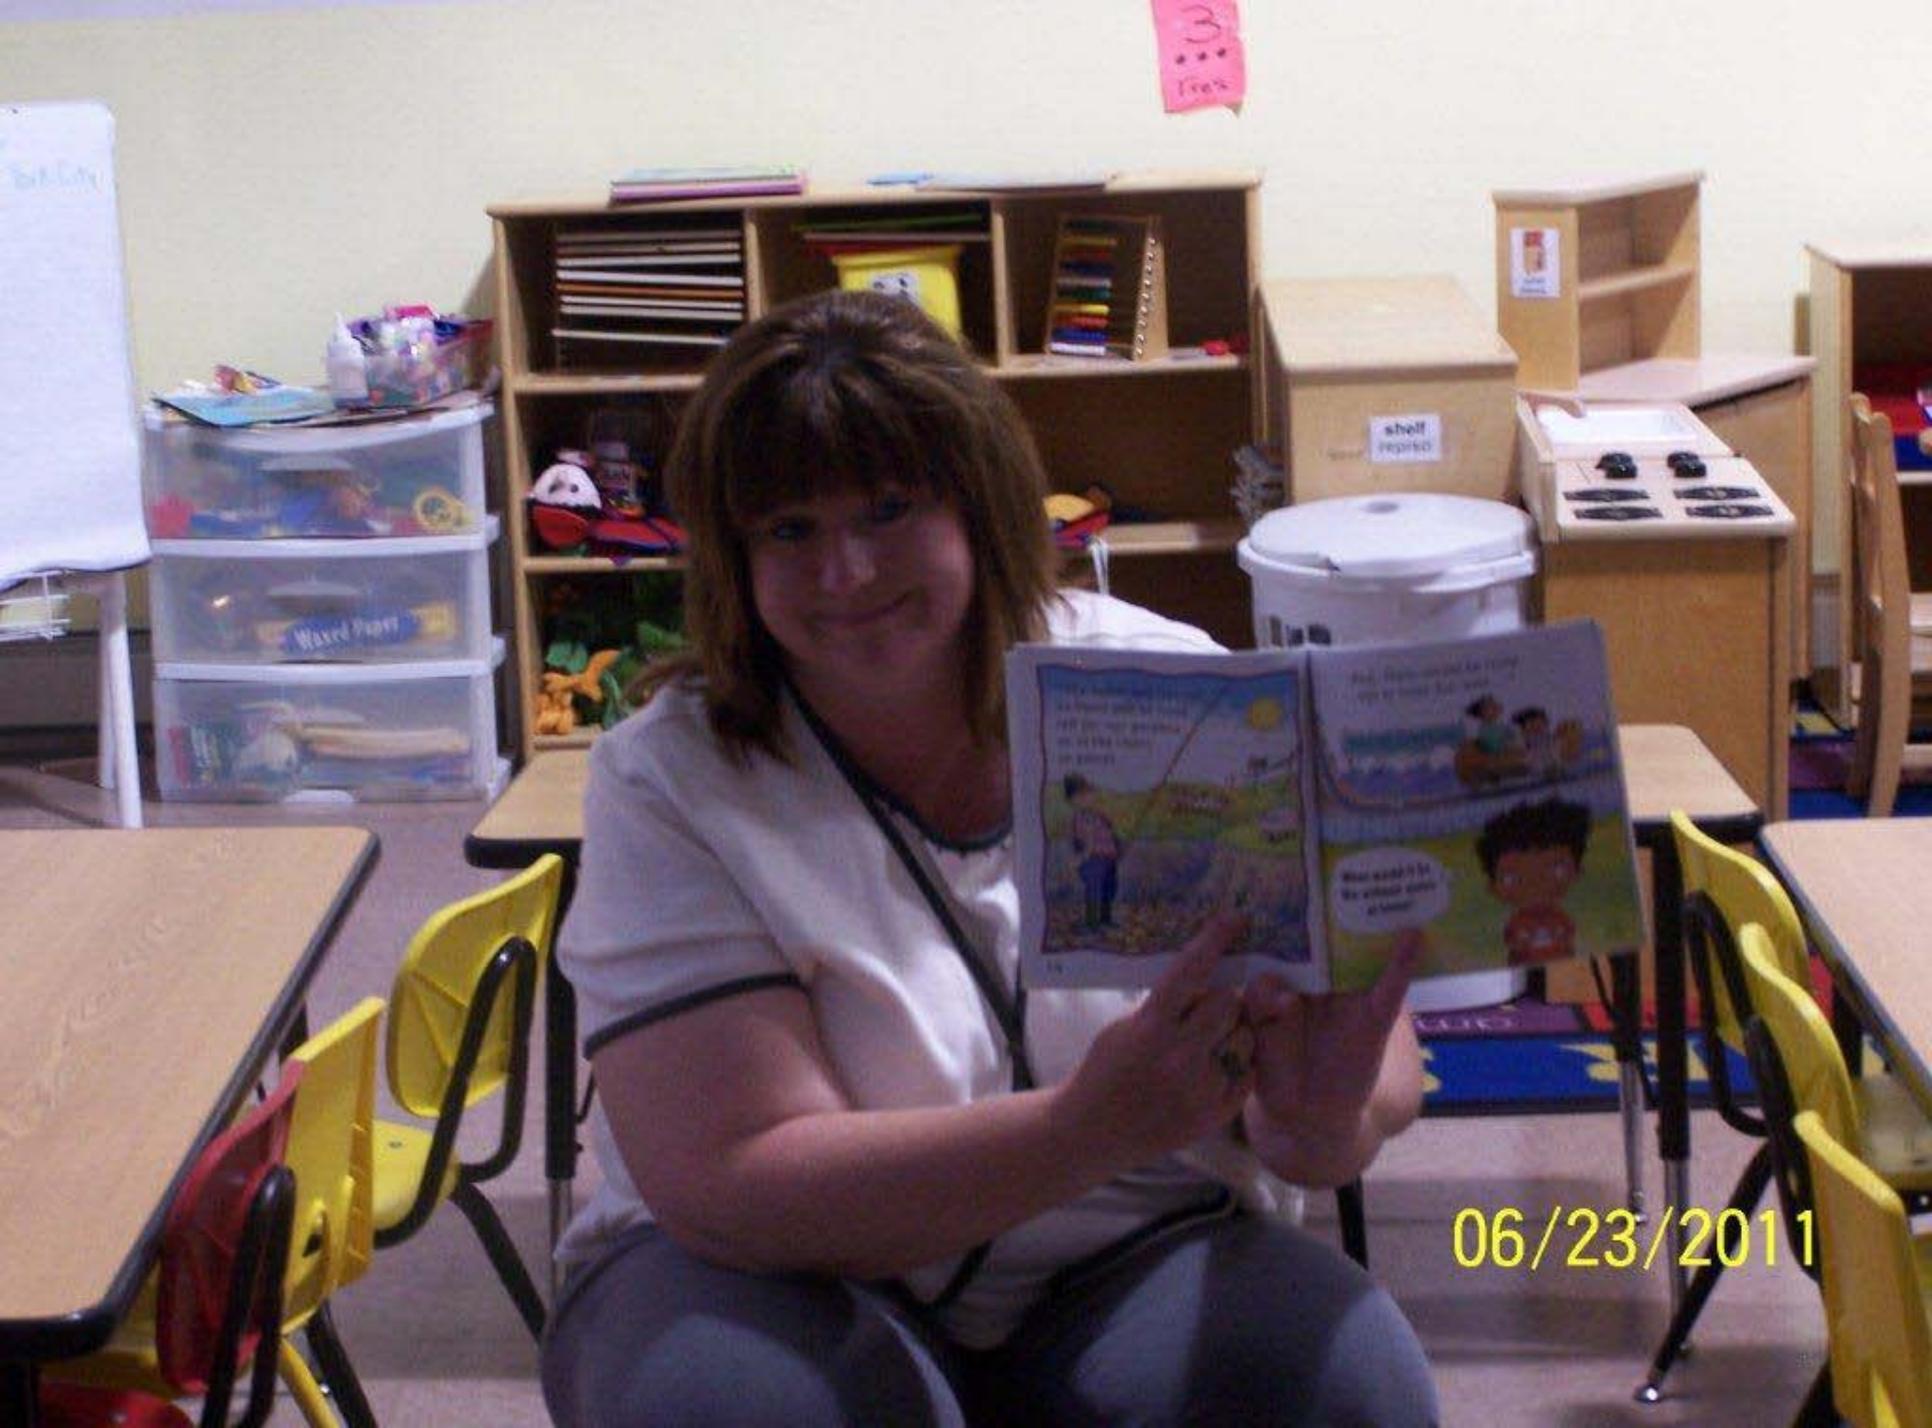

Hands on / visual activities to teach children ages 3-12 water conservation as well as a better understanding of the basic concepts of energy conservation.

Energy Savers Program

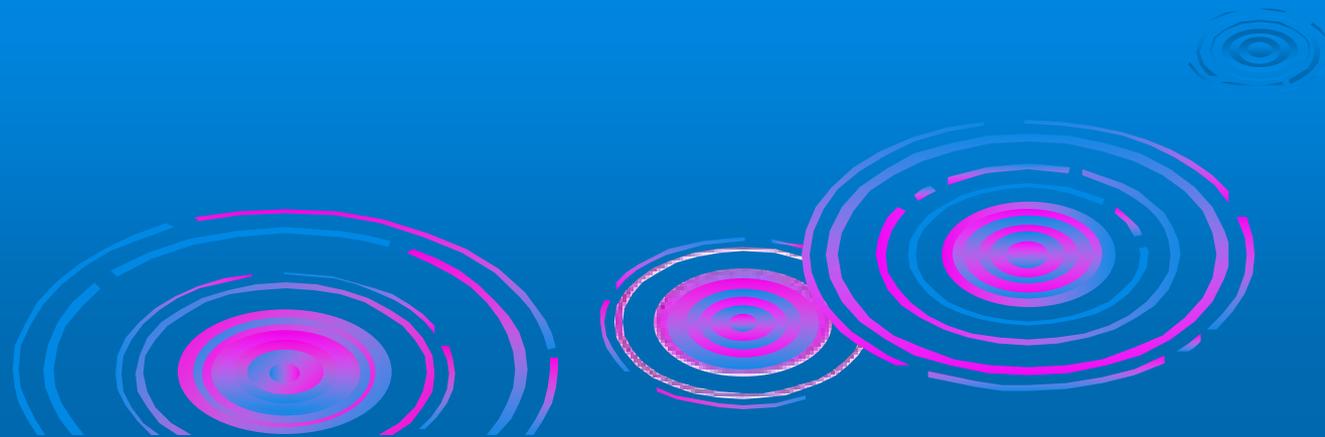

A savings program designed to assist low to moderate income families save toward an energy efficiency goal.

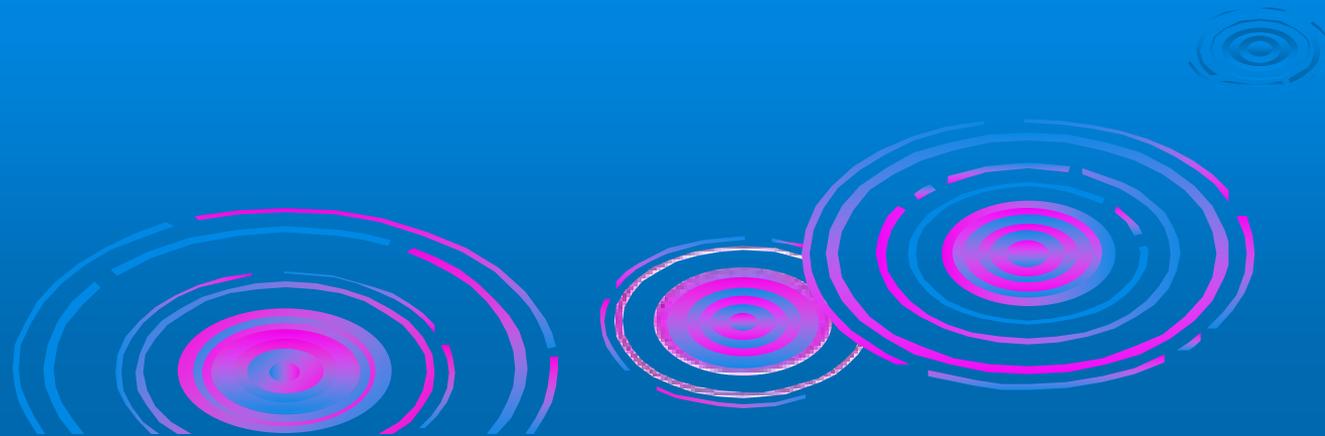

What is an energy efficiency goal?

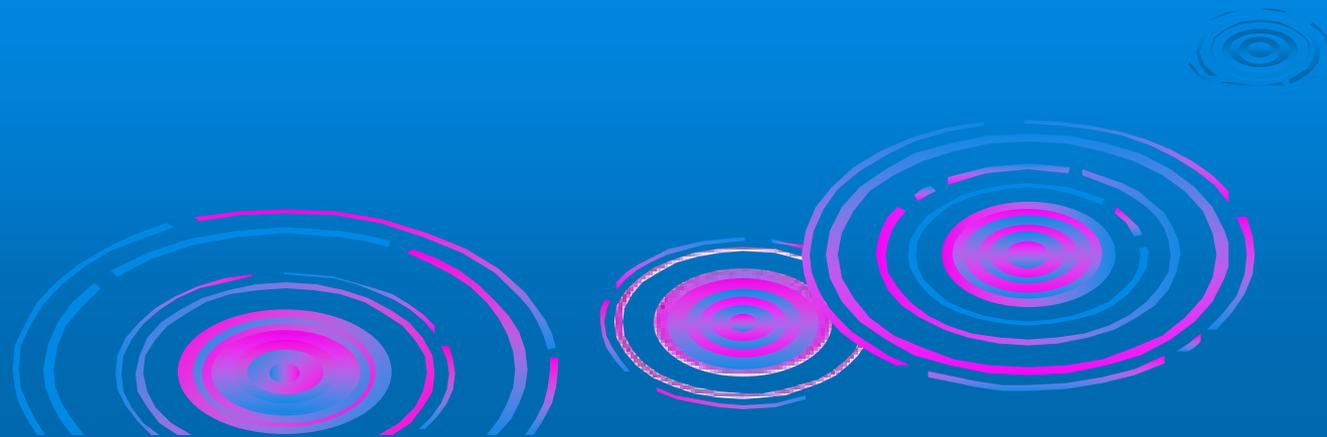

A goal set by the consumer which will help them to save on their energy consumption and energy costs.

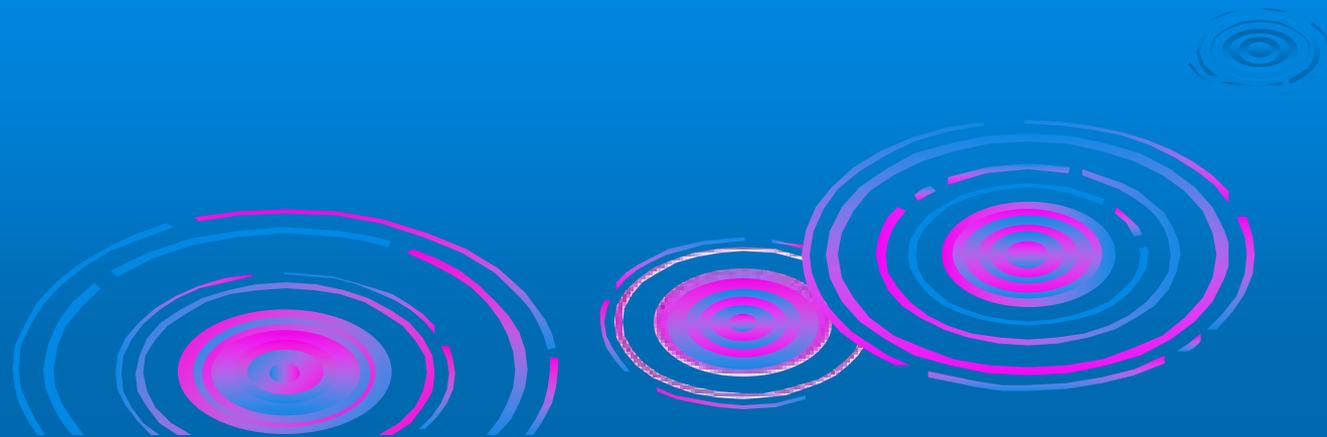

Why is the Fuel Fund
getting involved with something
of this nature?

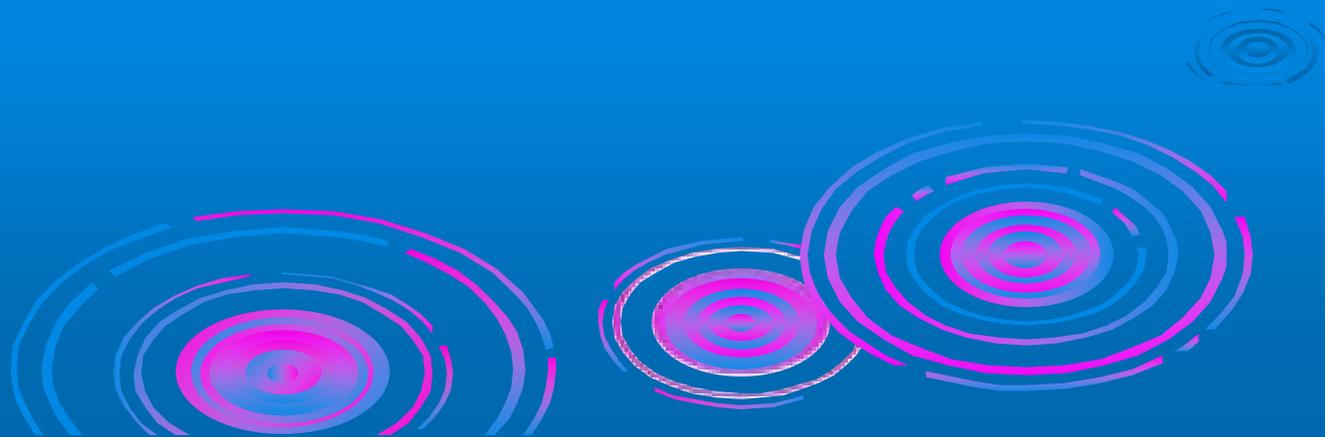

To identify and enroll vulnerable consumers in services that will enhance their ability to manage and reduce their energy costs.

Who is eligible to apply for this program?

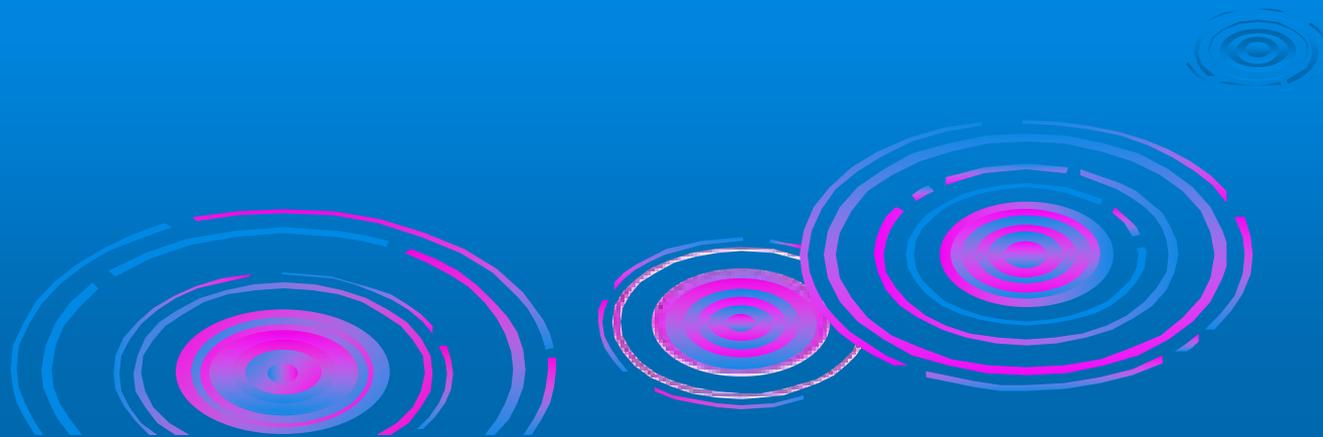

Households that meet the HEAP or
Orange County Fuel Fund monthly
income guidelines.

How does the program work?

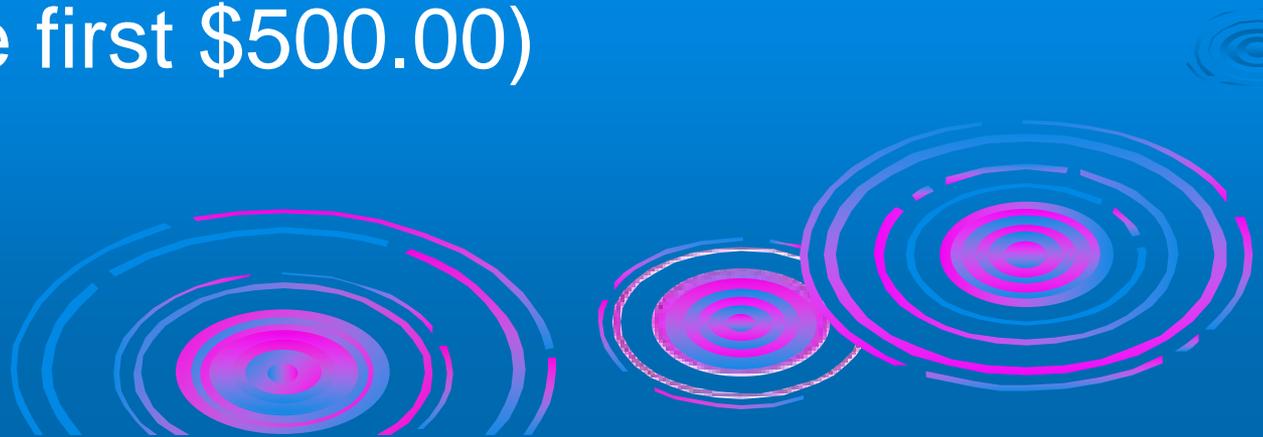

The program will allow low to middle income consumers to save toward a energy efficiency goal with matching incentives.

Example 1:

1. Initial deposit = **\$50.00**
2. Workshop initiatives = **\$50.00**
(attend 3 = \$150.00)
