5 Minutes to a Healthier Home

Think you don't have enough time to make your home a healthier and safer place?

Everyone deserves to live in a healthy home.

Leading a healthy lifestyle starts in the home. Helping families stay healthy is part of our core mission at United Way of Long Island – which is why our 'Healthy Homes Long Island' initiative works to educate families on the importance of maintaining a home that is not only energy efficient but fostering the well-being of those living inside.
