

The billing-enabled VersiCharge SG uses Open Charge Point Protocol (OCPP) to connect with 3rd party networking partners to provide easy payment and access management for station owners. Since the charger is built on open standards, charger owners have the ultimate flexibility. If they are unhappy with a networking partner, or the networking partner has an issue, the owner can easily switch the charger to an alternate OCPP-compliant networking partner. Also, if the owner already has OCPP-compliant chargers, the billing-enabled Siemens VersiCharge can either replace current chargers, or work alongside other OCPP-compliant chargers. These open-standards future-proof EV charger installations.

Basic Equipment Details

Type of Mount	Both pedestal or wall-mounted available
Number of Ports	Single
Intended Installation Setting	<ul style="list-style-type: none"> • Public • Workplace • Multi-Unit Dwelling
Networking Capability	Networked
Indicate whether the equipment uses an open standard protocol as a basic framework for purposes of network interoperability and for communication with the network services provider, and specify the protocol (such as OCPP)	OCPP
Network providers used to date	<ul style="list-style-type: none"> • Siemens • Greenlots
Input Power (kW AC)	7.2 kW
Rated Output Power (kW AC)	1.8-7.2 kW
Can the equipment split power between multiple ports?	N/A
Dimensions (HxWxD, in inches)	16.0" x 14.5" x 6.5"
Charging cable length (in feet)	20
Operating temperature range	(-22 to 122)
Is the equipment ENERGY STAR® certified?	No
Does the equipment have a display screen?	Yes - LED
Method(s) of Payment Accepted	<ul style="list-style-type: none"> • Mobile Phone App • Other - 24/7 call line
How do customers purchase the equipment?	<ul style="list-style-type: none"> • From the Manufacturer • From Network Providers • From Third Party Distributors
Warranty Duration (months)	36 months

Special Features Included in the Equipment

- Open Standards
- Built in metering
- Delay button
- LED display
- Max. power adjustment switch
- Single and dual posts
- Easy to install (mounting bracket)
- Flexible demand response profile

Optional Accessories

- Single post
- Dual post
- Cable management system
- Additional holster

Optional Services

- Turnkey installation
- Technical support
- Extended warranty
