If your community wants renewable energy, CCA makes it possible

Community Choice Aggregation (CCA) allows local elected officials to choose where the energy comes from for their community. It's a program to purchase power in bulk for virtually all homes and small businesses within the participating jurisdiction. A CCA can allow whole communities to participate in the clean energy economy by ensuring that a greater percentage of electricity is coming from renewable sources. CCA has the potential to simultaneously deliver fixed-rate electricity prices and cleaner energy for your constituents.

Earn recognition and unlock access to grant funding

NYSERDA's Clean Energy Communities Program recognizes and rewards local governments for their clean energy leadership. By completing four High Impact Actions, you can earn the Clean Energy Community designation as well as grant funding to support additional clean energy projects.

Each High Impact Action is worth points collected upon completion of the action. The points you earn count toward unlocking access to point-based grant funding. Certain High Impact Actions are also eligible for additional Action Grants. You can earn up to 2,000 points toward a grant by completing this action.

Visit nyserderda.ny.gov/cec to review the full list of High Impact Actions and available grants.

Ready to get started?

Dedicated and knowledgeable Clean Energy Communities Coordinators are available to assist municipal staff as they implement this action. Your regional Clean Energy Community Coordinator will review your goals and help you determine which actions are best for your community and how to access grant funding.

Visit nyserderda.ny.gov/cec or email cec@nyserderda.ny.gov to learn more or get started.
