

# Community Energy Engagement Program

**LEARN**  
about clean energy programs and resources

**ACCESS**  
network of community and local partnerships

**GET HELP**  
identifying and engaging the right contractor

**RECEIVE**  
assistance with loan applications

## Learn about resources and funding available in your community for energy projects

There is support available to help residents and businesses reduce their energy consumption and energy costs and make informed energy decisions.

Community Energy Advisors can connect you to resources and networks that provide cost-saving opportunities in your communities.

### Benefits of working with a Community Energy Advisor

**Community Energy Advisors are available to:**

- Help you to make informed energy decisions.
- Inform you of financing options for energy efficiency and renewable energy projects and products.
- Guide you through the process of implementing a clean energy project.
- Connect you with the right energy contractors who can implement clean energy projects.

**Contact your local Community Energy Advisor listed on the reverse side of this fact sheet**
