NOTICE ANNOUNCING STATEWIDE LMI STAKEHOLDER WEBINAR

PLEASE TAKE NOTICE that NYSERDA and the New York Utilities\(^1\) will host a stakeholder session to discuss the development of the Statewide Low-to-Moderate-Income (LMI) Portfolio, including an update on progress to date. The webinar will be held on **July 14, 2021, from 1:00 PM – 3:00 PM.**

**Background:**

In the January 16, 2020 *Order Authorizing Utility Energy Efficiency and Building Electrification Portfolios through 2025* (“Order”), the New York State Public Service Commission directed the New York Utilities and NYSERDA to develop and implement a Statewide LMI Portfolio to provide more complementary program offerings to increase the adoption of energy efficiency solutions for residential customers and in affordable multifamily buildings, improve customer experience and access to programs, and increase the impact of ratepayer funding administered in the LMI market segment. Following the Order, the New York Utilities and NYSERDA developed and filed an *LMI Implementation Plan* on July 24, 2020, outlining the goals and components of the Statewide LMI Portfolio.

In accordance with the Order and as outlined in the *Implementation Plan*, two stakeholder meetings will be held annually. This webinar is the first of two 2021 stakeholder meetings. At the stakeholder webinar, the New York Utilities and NYSERDA will update progress made to date and seek input from stakeholders and market partners.

**Question Submission:** In preparation for the webinar, stakeholders are invited to submit questions related to the topics listed below prior to the webinar. Presenters will address, during the webinar, as many questions as time permits.

Please be brief and send questions to **LMIForum@nyserda.ny.gov** by **June 24, 2021.**
