

Dear Contractors and Installers,

As a reminder, incentives are not guaranteed for project applications which have not been "Approved". In addition, project applications that are submitted to Powerclerk *after* interconnection are NOT eligible for incentives.

Please refer to Section 2.1 of the Program Manual (available here: <http://ny-sun.ny.gov/For-Installers/Forms-Manuals-Tools>):

'Any Contractor/Installer who moves forward with the installation of a project that has not been funded (has not obtained a status of "Received" in the program database) and has a status of "Submitted via Internet" does so at their own financial risk, as there is no guarantee of incentives until the project is both "Received" and "Approved."Also, projects completed prior to being submitted to NYSERDA (prior to obtaining a status of "Submitted via Internet") are not eligible to receive Program incentives.'

Thank you,

NY-Sun Team

### **About NY-Sun**

NY-Sun, a dynamic public-private partnership, will drive growth in the solar industry and make solar technology more affordable for all New Yorkers. NY-Sun brings together and expands existing programs administered by the New York State Energy Research and Development Authority (NYSERDA), Long Island Power Authority (LIPA), PSEG Long Island, and the New York Power Authority (NYPA), to ensure a coordinated, well-supported solar energy expansion plan and a transition to a sustainable, self-sufficient solar industry.
