

Dear Installers,

Effective Friday, September 18, 2015 project applications that select GJGNY financing will be able to upload the proforma tool in excel format and pre-approval letter in pdf format directly into Power Clerk at time of submission.

This change will allow applications to be processed quicker. If GJGNY is selected under the Customer Site Info tab in Power Clerk either (Residential or Non-Residential), the proforma tool and pre-approval letter will be required to reserve the incentive and successfully submit an application.

An updated Manual v17.2 will be released shortly to outline these changes.

Thank You,
NY-Sun Team

About NY-Sun

NY-Sun, a dynamic public-private partnership, will drive growth in the solar industry and make solar technology more affordable for all New Yorkers. NY-Sun brings together and expands existing programs administered by the New York State Energy Research and Development Authority (NYSERDA), Long Island Power Authority (LIPA), PSEG Long Island, and the New York Power Authority (NYPA), to ensure a coordinated, well-supported solar energy expansion plan and a transition to a sustainable, self-sufficient solar industry.
