Current Approved Incentive Amount (including adders):			
Was a CESIR required to add storage to this project?			
Provide final CESIR and CESIR ID#:		Were upgrades required?	
Date 25% interconnection upgrades payment made:			

Storage System Roles + Agreement Type	
Storage System Vendor/Integrator:	
Other Additional Storage System Integrator:	
Energy Storage subcontractor:	
Agreement Type:	

Storage System Components			
Storage Technology/Chemistry Type:			
Solar/Storage Configuration:			
Battery Cell Manufacturer or Other Storage OEM:			
Installed Storage Capacity, kWh (AC):		Duration of Discharge (hours):	
Separate Energy Storage Inverter?		How many inverters to be installed?	
Storage inverter manufacturer:			
Storage Inverter Nameplate kW Capacity (AC):			
Estimated Storage Incentive Amount:			

Storage System Cost	
Cost of Energy Storage System:	
All costs, including installation, of adding the storage system that are additional to the cost of the solar system.	

The contractor shall submit the completed Storage Project Modification to NYSERDA along with the required documents as outlined in the Program Manual to PVProcessing@nyserdera.ny.gov. Once the project modification has been reviewed and approved, the Portal will be updated, and a new approval letter will be sent.

The incentive amount is based on the current incentive level offered at time of submission. That may or may not be different from the amount on this application form. The award letter with the correct and approved incentive amount will be issued at time of NYSERDA approval.

Contractor agrees that, by the act of submitting this Storage Project Modification, the Contractor confirms and agrees that (1) the Contractor has read and understands the NY-Sun Program Manual and NY-Sun Participation Agreement and agrees to abide by the terms and conditions contained therein; (2) All of the information provided in this Storage Project Modification, including any attachments, is true and accurate, to the best of its knowledge; and (3) that this installation complies with the requirements of the NY-Sun Program, the applicable NY-Sun Program manual, and with all applicable code, accepted industry standards, and best practices.

Customer has read and understands the NY-Sun Customer Addendum. Customer certifies that all information provided in the in this Storage Project Modification, including any attachments, is true and accurate, to the best of its knowledge.

Payee understands the payments by NYSERDA are conditioned on NYSERDA's receipt of documentation from Contractor in accordance with the NY-Sun Program Manual. Payee understands and agrees that NYSERDA cannot and will not make any payment absent such documentation and metered electrical performance data, and Customer and Payee acknowledge and confirm that Customer and Payee understand these requirements and have had the opportunity to consider and discuss with the Contractor, an attorney and/or tax professional.

Payee acknowledges that payments made by NYSERDA to the Payee will be reported by NYSERDA to taxing jurisdictions and will constitute income to the Payee. NYSERDA is required under tax regulations to report, via a 1099-G information return, payments made to outside entities. NYSERDA will report all payments made to the Payment Assignee using form 1099-G and the tax identification number provided by Payment Assignee.
