SUBJECT: Solar and Wind Energy Exemption

DATE: January 31, 1991

The Washington County Real Property Tax Committee recently discussed the option of whether or not to grant the new solar and wind exemption. After much discussion it was decided that Washington County would grant the solar and wind exemption as per Real Property Tax Law Section 487, subdivision 5.

As you recall, I sent you a memo dated November 16, 1990 advising you of your options for your jurisdiction and asking that you inform me of the decision that your board has made. Would you please notify me in writing whether or not your jurisdiction is going to grant the exemption. It is important that we have this information on file because often times the information gets lost in the shuffle and is not easily ascertainable at the local level.

Thank you for your cooperation.
