**NOTICE OF MEETING AND AGENDA**

September 5, 2018

TO THE MEMBERS OF THE WASTE AND FACILITIES MANAGEMENT COMMITTEE:

PLEASE TAKE NOTICE that the sixtieth (60<sup>th</sup>) meeting of the WASTE AND FACILITIES MANAGEMENT COMMITTEE of the NEW YORK STATE ENERGY RESEARCH AND DEVELOPMENT AUTHORITY (the “Authority”) will be held in the Authority’s Albany Office at 17 Columbia Circle, Albany, New York, and in the Authority’s New York City Office at 1359 Broadway, 19<sup>th</sup> Floor, New York, New York, on Tuesday, September 18, 2018, commencing at 10:30 a.m., for the following purposes:

1. To consider the Minutes of the fifty-ninth (59<sup>th</sup>) meeting of the Committee held on January 23, 2018.
2. To receive a status report on radioactive waste policy and nuclear coordination activities.
3. To receive a status report on West Valley Site Management Program activities.
4. To consider and act upon a resolution recommending approval of a lease to the Town of Ashford.
5. To transact such other business as may properly come before the Committee.

Members of the public may attend the meeting at either of the above locations. Video conferencing will be used at both locations and the Authority will be posting a video of the meeting to the web within a reasonable time after the meeting. The video will be posted at <http://www.nyserdera.ny.gov/About/Board-Governance/Board-and-Committee-Meetings>.

Resolution No. \_\_\_\_\_

RESOLVED, that the Waste and Facilities Management Committee recommends that the Members find that there is no reasonable alternative to the proposed below market transfer of an approximately 53-acre parcel to the Town of Ashford for the purpose of a community solar development that would achieve the same purpose of such transfer, that purpose being to promote the development of clean energy in New York State, and to support the Town of Ashford as host to the Western New York Nuclear Service Center in its efforts to reduce its greenhouse gas emissions; it is therefore

RESOLVED that the Waste and Facilities Management Committee recommends that the transfer agreement between the Town of Ashford and the New York State Energy Research and Development Authority for a lease of approximately 53 acres, as submitted to the Members for consideration at this meeting of September 18, 2018, is approved. The President and Chief Executive Officer or her designee is hereby authorized to perform the Authority's obligations set forth in the transfer agreement and to make such changes thereto as may be necessary and appropriate, provided such changes do not substantially increase the Authority's obligations thereunder, and execute it.

**TO: THE MEMBERS OF THE AUTHORITY**

**FROM: THE DIRECTOR OF CONTRACT MANAGEMENT**

**DATE: SEPTEMBER 4, 2018**

**SUBJECT: PERIODIC CONTRACTS APPROVALS AND PERIODIC PROGRAM CONTRACTS REPORT**

**SUMMARY**

The Members are requested to adopt a resolution approving contracts listed in the attached Periodic Contracts Approval Report, pursuant to Section 3.3 of the Procurement and Program Contract Guidelines, Operative Policy and Instructions (Guidelines).

For your information, also attached is a Periodic Program Contracts Report which includes a summary of Program Contracts (that is, contracts not for the procurement of goods or services but in furtherance of the Authority’s program mission – for example, grants, incentives and other financing mechanisms, excluding Green Bank transactions) executed or modified during the period from May 16, 2018 through August 15, 2018.

**BACKGROUND**

The Guidelines require approval by the Members, either by prior action, when time permits, or by ratification at the next meeting of any: (i) Procurement Contract that provides for a period of performance by the Contractor in excess of one year; (ii) Program Contract that is the result of a competitive process and which provides an estimated or actual amount of \$3 Million or more; and (iii) Program Contract that is the result of a noncompetitive process and which provides an estimated or actual amount greater than \$1 Million (all Subject Contracts).

In addition, Section 9.0 of the Guidelines requires an Annual Procurement Contracts Report to be approved annually by the Members for all Procurement Contracts for the fiscal year, and Section 9.1 requires an annual Program Contracts Report. This Periodic Program Contracts Report is provided at each regular meeting to keep the members informed on the level and breakdown of our contracting activities.

## **DISCUSSION**

The Periodic Contract Approval Report is divided into two sections. The first section includes a list of Subject Contracts modified or executed during the period from May 16, 2018 through August 15, 2018. The second section includes a list of Subject Contracts anticipated to be executed or modified.

Section 1 of the Report indicates that the Authority initiated or modified:

- 50 Procurement Contract actions with a period of performance in excess of one year, that total approximately \$14 million and represent routine contracting for goods and services;
- 18 Program Contracts competitively selected with a total value in excess of \$3 million dollars, that total approximately \$720 million, the majority of which are Clean Energy Standard contracts from the 2017 procurement for large scale renewables, the balance were for implementation contracts; and
- 1 Program Contract non-competitive action in excess of \$1 million for an additional 1-year term extension for a competitively selected contractor to manage the Fuel NY Downstate Strategic Gasoline Reserve with a value of \$516,000.

Section 2 of the Report indicates that the Authority anticipates executing or modifying:

- 36 procurement contract actions with a period of performance in excess of one year that total approximately \$7 million and represent routine contracting for goods and services,
- 12 Program Contracts competitively selected in excess of \$3 million that total approximately \$53 million dollars, notably the \$20 million contract for the Offshore Wind Research & Development Consortium.

The Authority is in compliance with the Guidelines in its selection of contractors.

For the Board's information, also attached is a Periodic Program Contracts Report, which provides information regarding all of the Authority's program contracts executed during the reporting period. There were 570 Program Contracts executed or modified during the period with a value of approximately \$825 million. Charts and graphs showing the breakout by market sector (Market Focus), Regional Economic Development Council region, and Electric Utility Territory are included.

During the period, 98% of all (Program and Procurement) contracts and 99% of the aggregate committed value were competitively selected.
