**Subject:** Notice of Change regarding GJGNY

Dear GJGNY Advisory Council members,

After further consultation with stakeholders over the past month, we have decided to put on hold the previously announced interest rate changes for Green Jobs-Green New York loans. Until further notice, financing terms, including interest rates, will continue as they are today.

In addition, to ensure continuity while our working group on GJGNY community outreach services continues to meet over the coming months, we will be extending the existing CBO contracts through December 31, 2016.

John Rhodes
