

NECHPI

CHP's VOICE IN THE NORTHEAST

Northeast Clean Heat and Power Initiative

12/7/2016

NECHPI is a membership supported 501(c)6 non-profit corporation dedicated to accelerating the deployment of efficient clean heat and power applications in the Northeast.

We are the CHP industry's voice and "boots on the ground" in ongoing state regulatory proceedings and other CHP related initiatives across the Northeast region.

Our Board of Directors

Executive Director Sree Venkataraman NECHPI
Chair, Director Herbert Dwyer Empower Equity
Past Chair, Director John Rathbun National Grid
Treasurer, Director David Ahrens Energy Spectrum
Director Tom Bourgeois Pace Energy/DOE Northeast CHP TAP
Director Ruben Brown The E Cubed Company
Director Jack Griffin SourceOne
Director Robert Loughney Couch White
Director John Moynihan Cogen Power Technologies
Ex-officio John Ballam Massachusetts DOER
Ex-officio Dana Levy NYSERDA

How We Do It

- **Raise awareness:** provide workshops, training, communications, information and market analysis for the sector.
- **Promote best practices:** work with local authorities, energy and planning consultants, energy services, legal and financial services, CHP manufacturers and energy utilities to integrate the supply chain.
- **Encourage collaboration:** work with public and private sectors to promote progressive adoption of best practice within the industry.
- **Education:** inform and educate stakeholders, regulators, legislators and the general public about clean heat and power technologies.
- **Advocacy:** promote more efficient and environmentally beneficial planning and procurement policy in the energy sector.

Some of our accomplishments

- Filed comments and participated in working groups for **New York's** Reforming the Energy Vision proceeding.
- We have also been active in **New York's** proceedings on the Clean Energy Fund, Energy Efficiency Portfolio Standard, and Large Scale Renewables.
- Supported and participated in the creation of **Massachusetts'** Distributed Generation Interconnection Working Group.
- Filed technical comments supporting CHP's role in **Connecticut's** Comprehensive Energy Strategy.
- Testified in **Maine** and **New Hampshire** in support of net metering, and filed comments on **Rhode Island's** Renewable Energy Standard, while also participating in their State's Distributed Generation Stakeholders Working Group.

Do You Do Business In...

- 
- **Maine**
 - **Vermont**
 - **New York**
 - **New Hampshire**
 - **Massachusetts**
 - **Connecticut**
 - **Rhode Island**
