

BECOME A NEW YORK ENERGY STAR® CERTIFIED HOMES BUILDER

Get the financial incentives and resources you need to build your business.

Become a builder of New York ENERGY STAR Certified Homes and help more customers live comfortably. We'll provide you with the resources you need to convey the benefits of energy-efficient construction—and reap financial incentives. In other words, we'll make you an energy-efficient homebuilding guru that everyone looks up to.

A DECISION THAT CAN BE VERY REWARDING

- Receive \$2,000 per home
- Earn \$3,000 for building display or model homes meeting program requirements
- Take advantage of a generous Co-Op advertising program
- May qualify for various federal tax incentives

Home builders who are first-time program participants also qualify for a one-time payment of \$200 to offset the cost of their initial plan review, as well as \$300 toward the builder's first confirmed Home Energy Rating that meets program requirements.
