

The Dual Output Level 2 240V American made EV860 lets you choose between 12 - 32 amps of power, and can charge 2 compatible EVs up 5 times faster than a standard 110V outlet. The compact and durable free standing design of the EV800 Series will withstand nearly any environment while taking up minimal space. Inside and out, the EV800 Series is versatile, reliable, and efficient.

Basic Equipment Details

Type of Mount	Pedestal or wall-mount available
