

Share2® allows charging station owners to install two 32A, Level 2 charging stations on one 40A circuit. The Share2® is an inexpensive solution for any location looking for an easy way to double the number of charge points without running additional 240V circuits. The Share2® enabled HCS-40 will offer full power if one vehicle is requesting a charge and automatically splits the power if a second vehicle requests a charge at the same time. When one of the vehicles completes charging, the other station reverts to full power for the second vehicle.

Basic Equipment Details

Type of Mount	Wall-mounted
Number of Ports	Dual
Intended Installation Setting	Multi-Unit Dwelling
Networking Capability	Non-Networked
Indicate whether the equipment uses an open standard protocol as a basic framework for purposes of network interoperability and for communication with the network services provider, and specify the protocol (such as OCPP)	N/A
Network providers used to date	N/A
Input Power (kW AC)	7.7 kW
Rated Output Power (kW AC)	7.7 kW
Can the equipment split power between multiple ports?	No
Dimensions (HxWxD, in inches)	(2 units each) 19.7"x8.9"x5.3"
Charging cable length (in feet)	25
Operating temperature range	(-22 to 122)
Is the equipment ENERGY STAR® certified?	No
Does the equipment have a display screen?	No
Method(s) of Payment Accepted	ClipperCreek HCS EVSE are compatible with third party access control, monitoring and payment collection system like the Liberty plug-ins Hydra EVSE management Kiosk
How do customers purchase the equipment?	From the Manufacturer
Warranty Duration (months)	36 Months

Special Features Included in the Equipment

- Generic load management interface is included, when wired into Share2 mode two stations can automatically share the power from one circuit. Optional generic access control solutions are available as well.

Optional Accessories

- PMD-10 Pedestal options
- HCS pedestal option
- Pedestal cable management extension with retractors
- Wall mount cable management retractors

Optional Services

- N/A
