

Created specifically for the North American electric vehicle market, EVBox Iqon is designed to balance form and function. Modular construction allows for easy installation and service. Bluetooth commissioning enables flexible integration with multiple software providers. 18ft auto-locking cable management system and 8” LCD touch screen interface create an optimal user experience for both drivers and site hosts.

**Basic Equipment Details**

Type of Mount	Pedestal
Number of Ports	Dual
Intended Installation Setting	<ul style="list-style-type: none"> <li>• Public</li> <li>• Workplace</li> <li>• Multi-Unit Dwelling</li> </ul>
Networking Capability	Networked
Indicate whether the equipment uses an open standard protocol as a basic framework for purposes of network interoperability and for communication with the network services provider, and specify the protocol (such as OCPP)	OCPP 1.5S and 1.6J compliant
Network providers used to date	<ul style="list-style-type: none"> <li>• EV Connect</li> <li>• Greenlots</li> </ul>
Input Power (kW AC)	7.2 kW
Rated Output Power (kW AC)	7.2 kW
Can the equipment split power between multiple ports?	Yes - Built-in
Dimensions (HxWxD, in inches)	74.5" x 16.2" x 11.5"
Charging cable length (in feet)	18
Operating temperature range	(-22 to 113)
Is the equipment ENERGY STAR® certified?	Yes
Does the equipment have a display screen?	Yes - LED
Method(s) of Payment Accepted	<ul style="list-style-type: none"> <li>• Network RFID Tag</li> <li>• Mobile Phone App</li> </ul>
How do customers purchase the equipment?	<ul style="list-style-type: none"> <li>• From the Manufacturer</li> <li>• From Network Providers</li> <li>• From Third Party Distributors</li> </ul>
Warranty Duration (months)	36 months

---

## Special Features Included in the Equipment

Smart Charging: Load Balancing enables dynamic load adjustments based on number of vehicles charging between groups of chargers. Demand Responsible enabled via Open ADR 2.0B. Power Sharing enables 1 circuit connection to provide power to 2 vehicles. Image advertising on screen capabilities for large quantities.
