SEMACONNECT CHARGEPRO (DUAL)

SemaConnect
http://semaconnect.com

SemaConnect's ChargePro is a smart, networked, elegantly designed Level 2 charging station. In addition to the sleek, futuristic, compact design, the station is also rugged, weatherproof and made to withstand the harshest elements for years of worry-free operation. Our integrated solution allows station owners to manage station access, set pricing plans, and view real-time usage reports. The cloud-based platform makes it simple for EV drivers to easily register, manage, monitor, and update their charging sessions whether they are on a computer, tablet, or smartphone.
