

FLO is Canada’s largest electric vehicle (EV) charging network. We operate a comprehensive charging ecosystem that fulfills EV drivers’ needs wherever they may be—at home, at work or on the go—by ensuring a consistently simple and seamless experience. FLO offers smart home charging solutions for both single-family houses and multi-unit residential buildings, as well as access to thousands of public charging stations across the country. FLO also provides turnkey solutions to property managers, business owners, employers and municipal administrators who wish to support EV adoption by supplying charging services.
