## The answers you need to make informed energy decisions.

Flexible Technical Assistance (FlexTech) offers a wide range of flexible, cost-shared technical services to help you and your team make good energy decisions for your business. A dedicated team of engineers, technology experts, and energy consultants create a customized energy assessment that identifies your specific opportunities. One that recommends ways to reduce energy costs and improve your bottom line.

### Cost-saving strategies and productivity improvement recommendations

FlexTech Consultants perform customized assistance and analyses that can lead to significant savings. And NYSERDA will split the costs with you. Cost-shared support\* is available for:

- Targeted energy feasibility studies
- Master planning
- Industrial and process efficiency
- Data center efficiency
- Combined heat and power

### Use our energy consultants... or your own

The first step in reaping the rewards of FlexTech is to select a consultant or service provider that suits your needs. To help you, NYSERDA can provide a list of FlexTech Consultants that possess a wide range of expertise. NYSERDA will help you select a consultant based on your energy goals and objectives. Want to use your own consultant? No problem.

---

## The benefits of using a NYSERDA FlexTech Consultant

By choosing a FlexTech Consultant under contract to NYSERDA, you can reduce your up-front financial commitment. That's because NYSERDA pays the cost-shared amount directly to that firm.

### Get Started

Apply to the FlexTech program through the Consolidated Funding Application at [nyserdera.ny.gov/CFA](https://nyserdera.ny.gov/CFA).

Visit [nyserdera.ny.gov/flextech](https://nyserdera.ny.gov/flextech) to review the NYSERDA FlexTech program requirements and download an up-to-date listing of FlexTech Consultants.

*\*NYSERDA will share the cost of most FlexTech assessments on a 50-50 basis, up to \$250,000.*

---

NYSERDA, a public benefit corporation, offers objective information and analysis, innovative programs, technical expertise, and support to help New Yorkers increase energy efficiency, save money, use renewable energy, and reduce reliance on fossil fuels. NYSERDA professionals work to protect the environment and create clean energy jobs. NYSERDA has been developing partnerships to advance innovative energy solutions in New York State since 1975. To learn more about NYSERDA's programs, visit [nyserdera.ny.gov](https://nyserdera.ny.gov) or follow us on Twitter, Facebook, YouTube, or Instagram.
