

COLLEGE & UNIVERSITY  
CLEAN ENERGY INITIATIVE

# REV Campus Challenge

NOISIA V9 ENERGY  
REFORMING THE ENERGY

## Join your peers in the REV Campus Challenge

### Championing clean energy solutions in higher education.

Get recognized for building a cleaner, more resilient campus and community. Become a member and join other colleges and universities across New York State in the REV Campus Challenge.

The REV Campus Challenge recognizes colleges and universities that strive to meet their financial, environmental, academic, and community goals through clean energy solutions in three areas of contribution:

- Campus clean energy investment and greenhouse gas reduction
- Clean energy R&D and curricula
- Community engagement

### Why participate?

- Receive recognition for your progress toward and achievement of clean energy goals.
- Make your institution a more attractive choice for prospective students who are looking for colleges and universities that are committed to addressing environmental issues.
- Build on your existing clean energy commitments by seamlessly integrating the REV Campus Challenge with other initiatives.
- Engage students, faculty, and staff in clean energy efforts.

### Get started.

All two- and four-year public and private colleges and universities in New York State are eligible to become members of the REV Campus Challenge. The contact person must currently be on the staff or faculty at the institution. This initiative is being offered in coordination with New York Power Authority.

Learn more about the Challenge and become a member.
