

**CASE 18-M-0084 - In the Matter of a Comprehensive Energy Efficiency Initiative
NOTICE ANNOUNCING
VIRTUAL STATEWIDE LMI PORTFOLIO REGIONAL STAKEHOLDER MEETINGS
(APRIL 1, 2020)**

PLEASE TAKE NOTICE the three previously announced Regional Stakeholder Meetings will now be held **virtually via webinar services.**

Background:

In the January 16, 2020 *Order Authorizing Utility Energy Efficiency and Building Electrification Portfolios through 2025* (“Order”), the New York State Public Service Commission directed the New York Utilities and NYSERDA to develop and implement a Statewide LMI Portfolio to improve access to programs, overall customer experience, and impact for customers in the LMI sector. In accordance with the Order, the New York Utilities and NYSERDA will develop and file an LMI Implementation Plan outlining the goals and components of the Statewide LMI Portfolio on May 15, 2020.

To inform the development of the LMI Implementation Plan, the New York Utilities and NYSERDA will host three Regional Virtual Stakeholder Meetings to receive feedback and input from market participants. Prior to these Regional Stakeholder Meetings, a Stakeholder Webinar was held to provide details on the development of the LMI Portfolio, including background, components of the LMI Portfolio, and proposed strategies to reach the energy efficiency goals set forth in the Order.

Regional Virtual Stakeholder Meetings:

Given the impacts of COVID-19, the New York Utilities and NYSERDA will host three Regional Virtual Stakeholder Meetings. Participants in these meetings will hear details on the development of the Statewide LMI Portfolio and the LMI Implementation Plan. Stakeholders will have the ability to provide feedback to the Utilities and NYSERDA during and following the meetings.

The virtual stakeholder meetings dates and times are in the table below. Stakeholders are encouraged to pre-register.

Date	Time	Program Administrators	Registration Link
April 14	10:00am-12:00pm	Central Hudson, Orange & Rockland, National Grid (Niagara Mohawk), NYSERDA	https://nyserdany.webex.com/nyserdany/j.php?RGID=r250ace9d6c661a3bf0fd9027b41ed8c7
April 14	2:00pm – 4:00pm	Con Edison, National Grid (KEDNY), National Grid (KEDLI), NYSERDA	https://nyserdany.webex.com/nyserdany/j.php?RGID=r253aa8d06aa7b460be2d342cbdce5fc2
April 15	2:00pm-4:00pm	National Fuel Gas Distribution, New York State Electric & Gas, Rochester Gas & Electric, National Grid, NYSERDA	https://nyserdany.webex.com/nyserdany/j.php?RGID=rc77160c82d0d18cf6b644a9a3505dbf2

Given the demands placed on stakeholder’s time and availability, additional opportunities for stakeholder input on the LMI portfolio will be scheduled later in the year and will continue as the portfolio evolves. Please email LMIForum@nyserda.ny.gov with any questions.
