

Attachment B. Public Release of Bid Facility Information

Bid Facility Name:	Foothills Solar Farm
Proposer:	Foothills Solar LLC
Technology:	Solar
Proposed Nameplate Capacity (Megawatts):	40 MWac
Location (Town/City and County):	Town and Village of Mayfield, Fulton County
NYISO Interconnection Queue Number (if applicable):	1182
Interconnecting Utility:	National Grid
NYS PSC Article 10/ORES Case Number (if applicable):	ORES Permit Application Number 23-00046
Located in Agricultural District?	Partial
Bid Facility Website (if applicable):	<a href="https://www.boralex.com/projects/foothills">https://www.boralex.com/projects/foothills</a>

General Description of Project (250 words or more):

**Project Overview and Status:** The Bid Facility a is 40 MWac grid-scale solar energy generation facility being developed by the Proposer in the Town and Village of Mayfield, in Fulton County. The Bid Facility is the largest grid-scale solar array currently planned for the Adirondack Park. The Bid Facility will include solar arrays and other project infrastructure such as inverters, site roads, and a substation connecting to National Grid’s 69 kV line adjacent to the Bid Facility area. Boralex has been working with the Town and Village of Mayfield, landowners, and other local stakeholders to help ensure that the Bid Facility is properly integrated into the community. Throughout the development of this Bid Facility, Boralex has sought feedback from members of the community to inform the design.

The Bid Facility will provide significant economic, social, and environmental benefits to New York State, Town and Village of Mayfield, and Fulton County, including: significant tax revenues to the town, village, county and schools; full-time construction jobs; long-term jobs to support construction; and procurement of materials and services from local sources. This project will boost the local economy and add commerce for local businesses while also helping New York State achieve its goal of 70% clean power generation by 2030.

**Background on the Project Developer:** Foothills Solar LLC is a wholly owned subsidiary of Boralex Inc (Boralex) that is located in the United States. Boralex is a renewables energy project developer, owner and operator based in Canada and firmly established in the United States, France, and the United Kingdom. Boralex specializes in four types of power generation: wind, hydroelectric, solar, and battery storage, and

has installed operational capacity of approximately 3,000 MW. Boralex operates seven hydropower facilities in New York State and its local office is located in the Village of South Glens Falls. It serves as a hub for its Operations and Development teams, who carry Boralex's New York State-based activities. Boralex is a public company whose shares are listed on the Toronto Stock Exchange under the ticker symbol BLX.
