

Attachment B. Public Release of Bid Facility Information

Bid Facility Name:	Greens Corners Solar Park
Proposer:	Greens Corners Solar LLC
Technology:	Solar
Proposed Nameplate Capacity (Megawatts):	140 MWac
Location (Town/City and County):	Towns of Watertown and Hounsfield in Jefferson County, NY
NYISO Interconnection Queue Number (if applicable):	864 & 843
Interconnecting Utility:	National Grid
NYS PSC Article 10/ORES Case Number (if applicable):	21-00982
Located in Agricultural District?	Yes, some.
Bid Facility Website (if applicable):	<a href="https://www.boralex.com/projects/greens-corners/">https://www.boralex.com/projects/greens-corners/</a>

General Description of Project (250 words or more):

**Project Overview and Status:** Greens Corners Solar Park is a proposed 140 MW photovoltaic solar energy generation facility being developed by Boralex in the Town of Watertown and the Town of Hounsfield, Jefferson County. The Bid Facility will include solar arrays and other project infrastructure such as inverters, site roads, and a substation connecting to National Grid’s 115 kV existing line. Boralex has been working with the Town of Watertown and the Town of Hounsfield, landowners, and other local stakeholders to help ensure that the Bid Facility is properly integrated into the community. Throughout the development of this Bid Facility, Boralex has sought feedback from members of the community to inform the design.

The Bid Facility will provide significant economic, social, and environmental benefits to New York State, Town of Watertown, the Town of Hounsfield, and Jefferson County, including: significant tax revenues to the towns, county and schools; full-time construction jobs; long-term jobs to support operations; and procurement of materials and services from local sources. This Bid Facility will boost the local economy and add commerce for local businesses while also helping New York State achieve its goal of 70% clean power generation by 2030.

**Background on the Project Developer:** Greens Corners Solar LLC is a wholly owned subsidiary of Boralex Inc (Boralex) that is located in the United States. Boralex is a renewables energy project developer, owner and operator based in Canada and firmly established in the United States, France, and the United Kingdom. Boralex specializes in four types of power generation: wind, hydroelectric, solar, and battery storage, and has installed operational capacity of

approximately 3,000 MW. Boralex operates seven hydropower facilities in New York State and its local office is located in the Village of South Glens Falls. It serves as a hub for its Operations and Development teams, who carry Boralex's New York State-based activities. Boralex is a public company whose shares are listed on the Toronto Stock Exchange under the ticker symbol BLX.
