

Dear Installers,

Interplay Learning has developed the Solar3dSim, which is an Advanced Residential PV Troubleshooting Course providing 12 Hours of NABCEP-approved Continuing Education training. The simulation-based learning program progresses the student through troubleshooting over 50 faults on 4 different system types. This simulation was built with support from NYSERDA, and is the first training course of its kind using simulations to improve your or your team's troubleshooting skills.

NYSERDA's support in building the simulation has enabled the first 150 installers (New York State residents whose companies participate in NYSERDA's PV incentive programs) to receive a 50 percent discount on the course fee.

To receive this discount just use the code **NY50** at check out.

Please watch an overview video of the course: <http://bit.ly/solar3dsimvideo>

To learn more and purchase, please visit the website: [www.solar3dsim.com](http://www.solar3dsim.com)

Interplay Learning will assist all customers with any needs or questions while purchasing or taking the course. Please feel free to reach out anytime to Craig Carter: [ccarter@interplay-learning.com](mailto:ccarter@interplay-learning.com), (310) 662-1767

Thank You,  
NY-Sun Team

## About NY-Sun

NY-Sun, a dynamic public-private partnership, will drive growth in the solar industry and make solar technology more affordable for all New Yorkers. NY-Sun brings together and expands existing programs administered by the New York State Energy Research and Development Authority (NYSERDA), Long Island Power Authority (LIPA), PSEG Long Island, and the New York Power Authority (NYPA), to ensure a coordinated, well-supported solar energy expansion plan and a transition to a sustainable, self-sufficient solar industry. To learn more about NY-Sun, visit [ny-sun.ny.gov](http://ny-sun.ny.gov)

NYSERDA, 17 Columbia Circle, Albany, NY 12203
