

PON 5614 Round 3

Informational Webinar (3/19/25) Q&A

Question	Answer
Will a recording of this presentation be shared with attendees after the webinar?	The recorded webinar will not be posted but additional questions about PON 5614 may be submitted to District.Thermal@nyserda.ny.gov at any time to request additional clarification about the PON.
If we are working with a regulated utility and they are not receiving any NYSERDA funds for this project, can we use their time as cost share?	The PON states that “The project scope of work proposed must not be otherwise funded by NYSERDA nor funded using ratepayer funds administered by the utility” Any time spent by the utility would be considered use of ratepayer funds and would not be approved as cost-share eligible.
Is it anticipated that there will be future Rounds of PON 5614?	Currently, Round 3 of PON 5614 is open for proposals, with a due date of 7/31/25 at 3pm ET. An announcement will be issued by NYSERDA if additional funding rounds are added to PON 5614.
Is a municipal resolution required to demonstrate match funding authorization?	PON 5614 does not require a municipal resolution to demonstrate the minimum 50% cost-share requirement.
