## If your community wants renewable energy, CCA makes it possible

Community Choice Aggregation (CCA) allows local elected officials to choose where the energy comes from for their community. It's a program to purchase power in bulk for virtually all homes and small businesses within the participating jurisdiction. A CCA can allow whole communities to participate in the clean energy economy by ensuring that a greater percentage of electricity is coming from renewable sources. CCA has the potential to simultaneously deliver fixed-rate electricity prices and cleaner energy for your constituents. As the Clean Energy Communities program strives to guide communities toward decarbonization and to recognize their efforts, municipalities can reaply and gain points as they attain new percentages over time.

## Earn recognition and unlock access to grant funding

NYSERDA's Clean Energy Communities Program recognizes and rewards local governments for their clean energy leadership.

Each High Impact Action is worth points collected upon completion of the action. The points you earn count toward unlocking access to Designation Grant funding. Earning more points allows you to reach higher designation levels and to earn larger amounts of grant funding.

You can earn up to 2,000 points toward a Designation Grant by completing this action.
