

# Leading New York's Clean Energy Transition

**NYSERDA**  
New York State Energy Research  
and Development Authority

## MISSION

NYSERDA catalyzes New York's clean energy transition.

## VISION

Clean energy that supports a healthier and thriving future for all New Yorkers.

## PROMISE

NYSERDA serves New York State as a trusted and credible resource for energy information, policies, and programs, through objective analysis and planning, innovative solutions, and impactful investments that are valued by New York residents and businesses.

## Stay Connected

The **New York State Energy Research and Development Authority (NYSERDA)** is a public benefit corporation. NYSERDA is dedicated to advancing a clean energy economy fueled by innovative technologies and solutions that are valued by New York residents and businesses. **Together with other State agencies and partners, we are leading New York's clean energy transition.**

NYSERDA works to expand clean energy access to bring benefits to all New Yorkers by:

- Improving air quality
- Increasing energy security
- Strengthening our grid
- Driving economic growth through project development, supply chain investments, workforce development, and job creation

## Who we help

- Homeowners and renters, including low- to moderate-income residents
- Businesses, building owners, and institutions of all sizes and types
- Municipalities and communities, including disadvantaged communities
- Researchers and innovators
- Entrepreneurs, startups, and investors
- Teachers, training providers, students, and jobseekers

## How we help

- Financial incentive programs and low-interest loans
- Assessments, technical advice, planning, and access to contractor networks for all types of clean energy projects
- Research and resources for energy policies and regulations
- Training and funding for jobseekers and employers
- Investment and support for cleantech
- Networking and peer-to-peer connections

## What NYSERDA is working toward:

- Building an inclusive clean energy economy
- Accelerating the transition to a low-carbon future
- Fostering healthy and resilient communities
- Supporting clean energy jobs and New York State's economic recovery
- Ensuring a minimum of 35% of the benefits of clean energy investments are directed to Disadvantaged Communities.

## Areas NYSERDA impacts:

- Renewable energy like solar and wind
- Greenhouse gas emissions reduction
- Clean energy economy
- Resilient energy systems
- Energy efficiency and building decarbonization

# Key Mission Outcomes

**NYSERDA WORKS TO ADVANCE THE FOLLOWING MISSION OUTCOMES  
IN SUPPORT OF NEW YORK STATE'S ENERGY TRANSITION:**

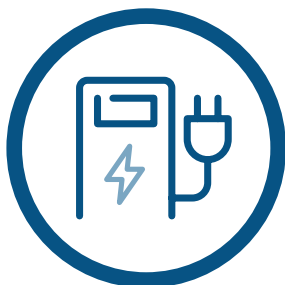

**GREENHOUSE GAS  
EMISSIONS REDUCTION**

**CLEAN ELECTRICITY**

**CLEAN AND EFFICIENT  
BUILDINGS**

**CLEAN  
TRANSPORTATION**

**CLEAN ENERGY JOBS  
AND ECONOMY**

**SUSTAINABLE AND CLIMATE-  
RESILIENT COMMUNITIES**

Progress in these mission outcomes will contribute toward the State's climate objectives.

NYSERDA will focus on helping historically marginalized New Yorkers access job opportunities and the growing clean energy economy, providing New York families with cleaner places to live, work, and play.
