Subject: Retail Energy Storage Project Deadlines Extended for 6 Months

Retail Energy Storage Incentive Program
Project Deadlines Extended

NEW YORK STATE OF OPPORTUNITY. | NYSERDA

New York State Energy Research and Development Authority

Dear Participating Contractor,

We hope for your continued safety and well-being during this challenging time.

To support energy storage contractors impacted by the New York State on PAUSE Executive Order, **NYSERDA is extending all Milestone 1 and project completion deadlines by six (6) calendar months for the Retail Energy Storage Incentive Program**.

If you require a project extension confirmation email for documentation purposes, contractors can do so by emailing energystorage@nyserda.ny.gov. NYSERDA is automatically providing this blanket extension across the Retail Storage Incentive Program, and this step is not required to receive the extension. No projects will be canceled during this period because of previous deadlines.

We recognize your continued resolve and determination during these difficult days, and we remain equally committed in navigating any resources we may have available to assist you. Please visit the NYSERDA COVID-19 Resources Page for more information.

Thank you,
The Retail Energy Storage Incentive Program Team
