Updated Guidance for Contractors
April 8, 2020

The New York State Energy Research and Development Authority is updating its contractor [guidance](#) to reflect that as set forth in the Executive Orders and the Essential Construction Guidance, all program activity requiring in-person presence at a project site that is not defined as either essential or emergency-related shall pause until **April 29**, unless extended by future Executive Orders. Please note this guidance applies to ALL NYSERDA programs and is effective immediately.

We recognize your continued resolve and determination during these difficult days, and we remain equally committed in navigating any resources we may have available to assist you. Please visit nyserdera.ny.gov/ny/COVID-19-Response for more information.
